## Customer Product Images

Save Config

**General Settings**

Enable customers to upload images: Yes [STORE VIEW]

Frontend note [STORE VIEW]

▲ Will be displayed to customer on the upload images form on the product view page; HTML allowed

**Image Settings**

**Notifications**

**Customer Motivation**

To let customers upload their images, please set this option to 'Yes'.

You can specify the message, which will be displayed to customers above the image upload block.

Extension settings can be found in admin panel -> System -> Configuration -> Customer Product Images.

## 2. Image resizing parameters

### Customer Product Images

Save Config

General Settings		▼
Image Settings		▲
Horizontal image dimension (px)	<input type="text" value="160"/>	[STORE VIEW]
	▲ Image size to be resized into for display in a "customer images" block	
Vertical image dimension (px)	<input type="text" value="120"/>	[STORE VIEW]
	▲ Image size to be resized into for display in a "customer images" block	
Vertical image dimension (px) for zoomed-in image	<input type="text" value="600"/>	[STORE VIEW]
	▲ To be displayed in lightbox	
Horizontal image dimension (px) for zoomed-in image	<input type="text" value="800"/>	[STORE VIEW]
	▲ To be displayed in lightbox	
Notifications		▼
Customer Motivation		▼

You can indicate the dimensions for the thumbnails of the images uploaded by customers.

You can also indicate the dimensions for zoomed-in images. Image proportions will be constrained while resizing, so the images will not get corrupted.

## Customer Product Images

Save Config

General Settings		
Image Settings		
Notifications		
Notify administrator each time customer uploads an image	<input type="text" value="Yes"/>	[GLOBAL]
Send e-mail to	<input type="text" value="example@example.com"/>	[GLOBAL]
Email sender	<input type="text" value="General Contact"/>	[GLOBAL]
Email template	<input type="text" value="Customer Product Images Admin Notification (0"/>	[GLOBAL]
Customer Motivation		

You can enable image notifications for administrator and indicate the recipient's email and the sender's information.

## 4. Image coupons setup

### Customer Product Images

Save Config

General Settings		
Image Settings		
Notifications		
Customer Motivation		
Enable coupon for customer	Yes	[WEBSITE]
Send coupon for each N images approved	5	[STORE VIEW]
	▲ Enter the value for N please. Something around 5-10 would be fine.	
Email sender	General Contact	[STORE VIEW]
Email template	Customer Product Images Coupon (Default Ter	[STORE VIEW]
Discount type	Fixed amount discount	[STORE VIEW]
Discount amount	10	[STORE VIEW]
Coupon expires in (days)	5	[STORE VIEW]
Number of coupon uses	1	[STORE VIEW]
Remove coupons after N days since creation	7	[GLOBAL]
	▲ Specify 0 to never delete coupons	

You can enable automatic sending of coupons to customers, who upload images actively.

You can specify the number of images a customer needs to upload to receive a coupon. Only approved images are counted.

## 4. Image coupons setup

### Customer Product Images

Save Config

General Settings		
Image Settings		
Notifications		
Customer Motivation		
Enable coupon for customer	Yes	[WEBSITE]
Send coupon for each N images approved	5	[STORE VIEW]
	▲ Enter the value for N please. Something around 5-10 would be fine.	
Email sender	General Contact	[STORE VIEW]
Email template	Customer Product Images Coupon (Default Te	[STORE VIEW]
Discount type	Fixed amount discount	[STORE VIEW]
Discount amount	10	[STORE VIEW]
Coupon expires in (days)	5	[STORE VIEW]
Number of coupon uses	1	[STORE VIEW]
Remove coupons after N days since creation	7	[GLOBAL]
	▲ Specify 0 to never delete coupons	

You can also indicate all the coupon parameters, such as discount type, amount, expiry period and number of uses.

You can also define the period after which the coupons should be deleted automatically, so that promotions section doesn't get trashed with time.

Click on the 'Zoom' link to open product image in a lightbox.

## 5. Image approval section

The screenshot displays the Magento Admin Panel interface. At the top, the 'Catalog' tab is selected. A lightbox is open, showing two views of an iPhone 6s: the front view with the iOS home screen and the back view showing the Apple logo and 'iPhone' branding. An orange callout bubble points to the lightbox with the text: "See the lightbox with zoomed product image." The background shows a 'Customer Images List' table with columns for 'Thumbnail', 'Image Title', and 'Shown In Customer Images'. The table contains several rows for different iPhone 6s models (Pink, Space Gray, Gold) with 'Zoom' links under the thumbnails and 'Yes' in the 'Shown In Customer Images' column.

## 7. Customer images block and upload form

'Customer Product Images' block is displayed at the bottom of the product page.

**Customer Product Images**

**Upload images for this product**

Add Your Images:

<input type="text"/>	<input type="button" value="Browse..."/>	Title: <input type="text"/>
<input type="text"/>	<input type="button" value="Browse..."/>	Title: <input type="text"/>
<input type="text"/>	<input type="button" value="Browse..."/>	Title: <input type="text"/>

If there are many images in the block, they slide automatically. Of course, it is also possible to slide them manually.

Customers can upload their images right from the product page.

# Thank you!
