E-mail Blacklist

Magento Extension
User Guide

Official extension page: E-mail Blacklist

User Guide: E-mail Blacklist

Support: http://amasty.com/support.html

Please go to System -> Configuration -> Customer Configuration -> E-mail Filters. In the 'Filters' text area you can specify which domains (e.g. *@yahoo.com), domain zones (e.g. *@*.cn) should be filtered. If you need to block emails with certain letter in them, please use mask of the following kind: z*@*
