# Multiple Coupons

Let your customers use multiple coupons for one order and benefit more from their loyalty.

- Allow several coupons to be used together in one order
- Increase customer loyalty
- Make the shopping process more comfortable
- Ability to limit usage of some coupons with others
- Compatible with Magento tax functionality

## General settings

To configure coupons for your store, please go to **Promotions > Shopping cart Price Rules**.

The screenshot shows the Magento Admin interface. The top navigation bar includes 'Dashboard', 'Sales', 'Catalog', 'Mobile', 'Customers', 'Promotions', 'Newsletter', 'CMS', 'Reports', and 'System'. The 'Promotions' menu is highlighted, and a sub-menu is open showing 'Catalog Price Rules' and 'Shopping Cart Price Rules', with the latter highlighted and circled in red. Below the navigation, the page title is 'Shopping Cart Price Rules'. There are pagination controls: 'Page 1 of 1 pages | View 20 per page | Total 4 records found'. Below this is a table with the following data:

ID	Rule Name	Coupon Code	Date Start	Date Expire	Status	Website
			From: <input type="text"/> To: <input type="text"/>	From: <input type="text"/> To: <input type="text"/>	<input type="text"/>	
1	Cell Phones	PHONES		--	Active	Main Website
3	Halloween	HALLO		--	Active	Main Website
4	Black Friday		Apr 2, 2018	Dec 31, 2018	Active	Main Website
2	Sale	SALE		--	Active	Main Website

Choose the promo rule or create a new one.

**Use Auto Generation**  
▲ If you select and save the rule you will be able to generate multiple coupon codes.

Describe the rule in the rule information tab.

Select Websites and Customer Groups for which this rule will be applied.

Please select **'Specific Coupon'** in this field to create a coupon.

You can create Coupon Codes manually or use **Auto Generation** if you need multiple coupon codes.

Uses per Coupon	<input type="text" value="1"/>
Uses per Customer	<input type="text" value="1"/>
From Date	<input type="text" value="08/26/2015"/>
To Date	<input type="text" value="08/31/2015"/>
Priority	<input type="text" value="1"/>
Public In RSS Feed	<input type="text" value="Yes"/>
Allow several coupons from the same rule	<input type="text" value="Yes"/>

Multiple Coupons	
Unique codes	<input type="text" value="111, 222, 5ABCD, BIG2"/> <small>▲ If some other codes from the list is applied, all other coupons will be removed</small>
Allowed Codes	<input type="text" value="HOT17, BLACKF"/> <small>▲ Coupons indicated in this field can be used with any other coupons.</small>
Allow several coupons from the same rule	<input type="text" value="No"/>
Maximum number of coupons for order	<input type="text" value="2"/> <small>▲ 0 - no limit</small>

**Allow several coupons from the same rule** - set this option to 'Yes' and allow using multiple generated coupons from the rule together.

To specify unique coupon codes please back to the general settings in **System → Configuration**

**Unique codes** - specify unique coupon codes which can not be used together with other codes.

## Multiple Coupons

Save Config

Multiple Coupons		
Unique codes	<input type="text" value="SALE%, %summer%, %2018"/>	[STORE VIEW]
	▲ If some other codes from the list is applied, all other coupons will be removed	
Allowed Codes	<input type="text"/>	[STORE VIEW]
	▲ Coupons indicated in this field can be used with any other coupons.	
Allow several coupons from the same rule	<input type="text" value="No"/>	[STORE VIEW]
Maximum number of coupons for order	<input type="text" value="0"/>	[STORE VIEW]
	▲ 0 - no limit	

If you have multiple codes with the same suffix or prefix, it's possible to list them all easily by using a template with the wildcard symbol - %. For example:

- Write **%sale** and all coupons ending with 'sale' can be applied individually, e.g. 2018sale, K8GFSsale, SCFTYJNsale and etc.
- Write **sale%** and all coupons starting with 'sale' can be applied individually, e.g. sale2018, saleK8GFS, saleSCFTYJN and etc.
- Write **%sale%** and all coupons that contain the word 'sale' can be applied individually, e.g. ABCsale2018, 123saleK8GFS, supersale2018 and etc.

**Allowed codes** - Indicate coupons that can be applied together with other coupons. In this field, you can also use the symbol '%' to list coupons with the same suffix or prefix.

**Allow several coupons from the same rule** - this setting means that you can allow applying more than one coupon code.

**Maximum number of coupons for order** - Set the maximum number of coupons that can be applied to the order.
