

Magento 2 Advanced Product Reviews – New Amasty Extension

[Darya Yermashkevich](#) Aug 30, 2018

We are happy to present you our new Magento 2 extension – [Advanced Product Reviews](#).

Enable detailed product reviews and encourage customers to make buying decisions faster. Provide feedback stats. Allow images. Add ‘verified’ badges and a thumbs rating.

ADVANCED PRODUCT REVIEWS

Useful for:

PRODUCT PAGE IMPROVEMENT

Features:

- Upgrade the Reviews section to let satisfied customers thank you with ease
- Enable customers to check detailed and credible reviews right on product pages
- Extend admin capabilities with review management features

KPMG found out that [55%](#) of shoppers check online reviews before making a purchase decision and the number one info source is the seller's website. Though Magento 2 has some reviews functionality by default, many merchants feel the need for a more user-friendly comments section and extra feedback management capabilities. This is exactly the purpose for which the Advanced Product Reviews module was designed.

MAGENTO 2 ADVANCED PRODUCT REVIEWS FEATURES:

- **Show a reviews summary** to help shoppers quickly browse feedback statistics and make an informed decision without scrolling multiple pages;
- **Use a 'Verified' badge** to highlight that the reviewer bought the product and this way increase credibility;
- **Add 'Was this helpful' thumbs-ups** to let customers quickly rate reviews and mark more useful ones;
- **Manage the images attached to reviews:** add an image slider with a lightbox automatically if there are several images, make

images required/optional, and moderate images before publishing a review;

- **Reply to reviews while approving** them right from the backend grid and edit your comments after submission. Share the delight with happy customers and in due time mitigate feelings of the dissatisfied ones without time losses;
- **Use reCaptcha** to prevent bot actions, 3 various forms are available right out of the box.
