

# Magento 2 Affiliate – new Amasty extension

[Alina Bragina](#) Oct 13, 2017

We are happy to present you our new extension – [Affiliate for Magento 2](#).

**Get the word out about your website and push up sales from associate channels. See to supply affiliates with comprehensive stats reports and promo materials. Manage their accounts and regulate commissions/withdrawals to recruit telling affiliates only.**

# NEW MAGENTO 2 EXTENSIONS

## AFFILIATE

Useful for: **AFFILIATE PROGRAMS MANAGEMENT**

Features:

- Use cart price rules to launch affiliate programs
- Specify commission type for each program
- Manage discounts and payout conditions
- Use a great variety of promo materials

*Affiliate recruiting is a cheap and effective marketing strategy that helps you reach wider audiences and generate more revenue. To give you this important sales opportunity, we've developed the module to help you launch and conduct a limitless number of fully-featured associate programs right from the admin panel.*

## MAGENTO 2 AFFILIATE MAIN FEATURES:

- **Start attracting potential affiliates right at the registration stage.** Let them make it in 2 simple steps: a) create a customer account; b) complete a short Affiliate Settings form;
- **Provide publishers with affiliate accounts** with a number of useful tools, which help to run promo campaigns and track performance stats;
- **Supply affiliates with a set of promo materials** kept on their account page: banners, widgets, coupons, promo links;
- **Drive extra traffic to your website with the Magento 2 Refer a Friend option.** Let affiliates share your store homepage, specific products and category pages on social networks;

- **Create an unlimited number of affiliate programs** based on cart price rules. Implement flexible commission configuration, regulate commission distribution;
- **Keep control of all affiliate accounts right from the admin panel:** payment stats, coupons usage, transactions, withdrawals;
- **Monitor changes in affiliate transactions** and see all orders placed by referrals on the informative grid. Filter the data by various characteristics to sort it in a convenient way;
- **Track relevant information on withdrawals:** payout status, amount, current balance, affiliate account emails.
