Add gift options.

3 Payment

Cash On Delivery

Purchase Order

- Delete button in the review section was added
- Option to enable / disable one step checkout per store view was added
- Minor fixes

Order Memos and Attachments 2.4.10

- Fixes for “Archive” feature of Magento EE, as well as the calendar display, were added
- Sorting by date was fixed
- The algorithm for file uploads was modified

Customers Also Viewed 1.2.0

- New feature: automatically append the most viewed products to manually specified ones
- New feature: possibility to exclude products from the specified categories

- Improvements for order display

Delivery Date 1.3.3

- New feature: it's now possible to specify "Minimal Delivery Interval" per product, which will overwrite the value specified in general configuration
- Minor fix for disabling time intervals and default delivery date value was added
- Compatibility improvements with third party extensions

Store Locator 1.4.2

- The latest Google library of V.3 was added
- Images for location clusters are in the module package now, so it's possible to modify them now.

FAQ and Product Questions 1.0.1

- Website and store-view section scopes in configuration were added
- Minor default css improvements

Color Swatches Pro 3.12.3

- Option to add captions for zoomed images was added

HOME / ELIZABETH KNIT TOP

- ElevateZoom library was updated
