

# Amasty Extensions Updates: February 2014

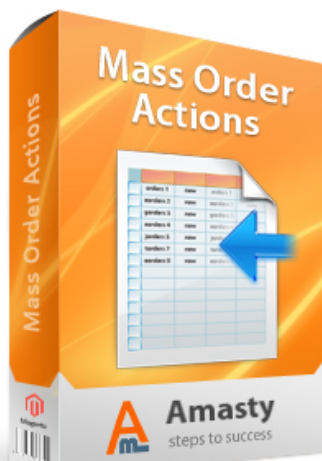

[Vera Rabkina](#) Feb 24, 2014

In February Amasty Team did a great job and besides issuing 4 NEW extensions: [Pre Order and Product Manager Toolkit](#), [Quick AJAX Login](#) and [Advanced Permissions](#) – it has updated a number of old ones. This month great attention was paid to improving compatibility of the extensions and adding new features, which would help our products to respond to the needs of modern Magento store even more. Read on to learn the details.

Check out Magento extensions infographic and find the **links** to the extensions **below**.
