

Amasty extensions updates: January 2015

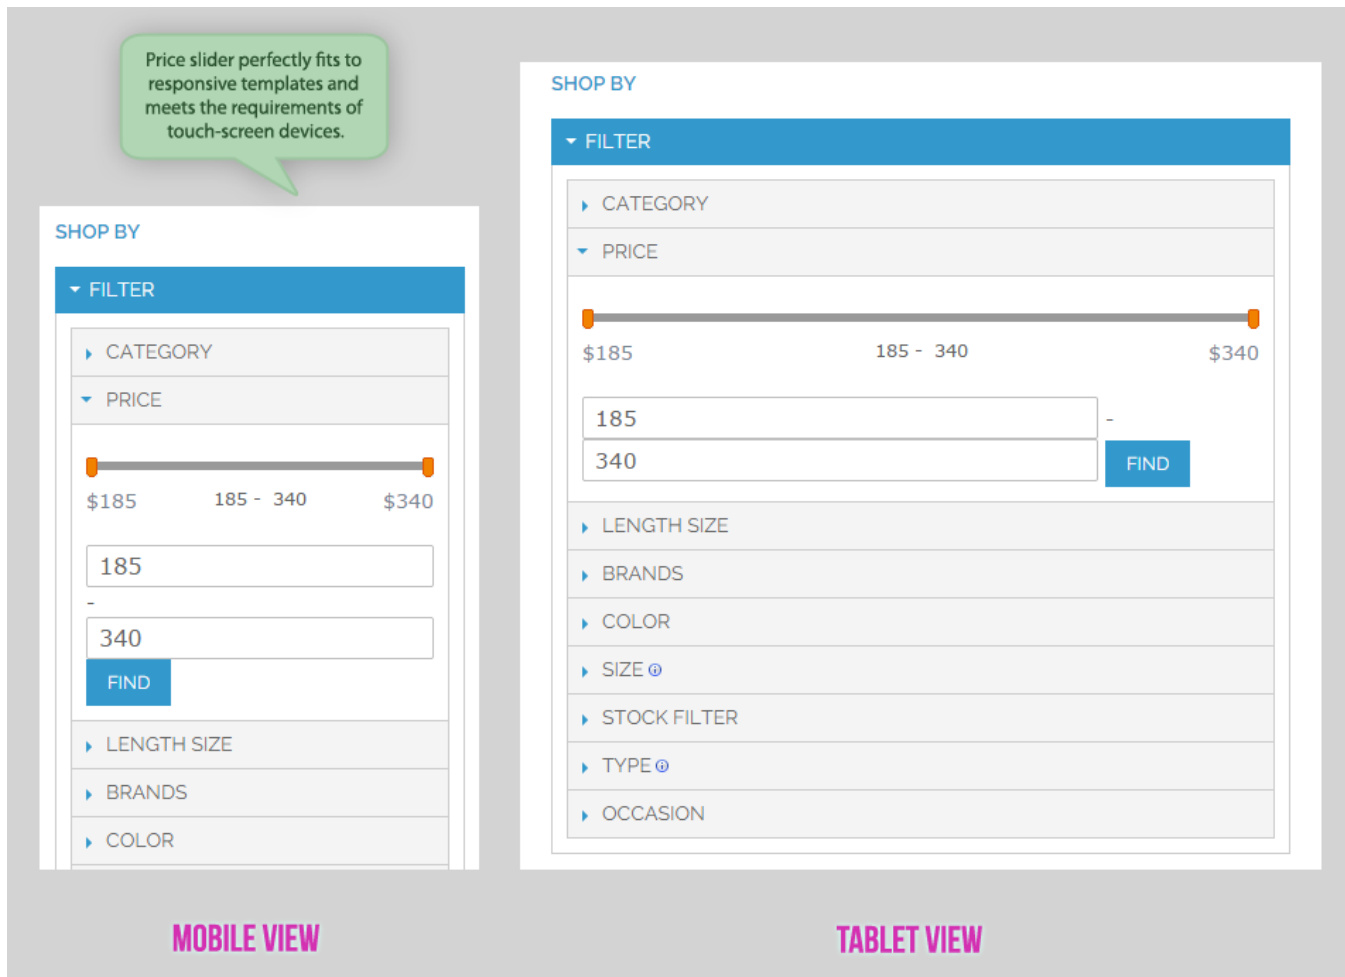

[Ksenia Dobрева](#) Feb 4, 2015

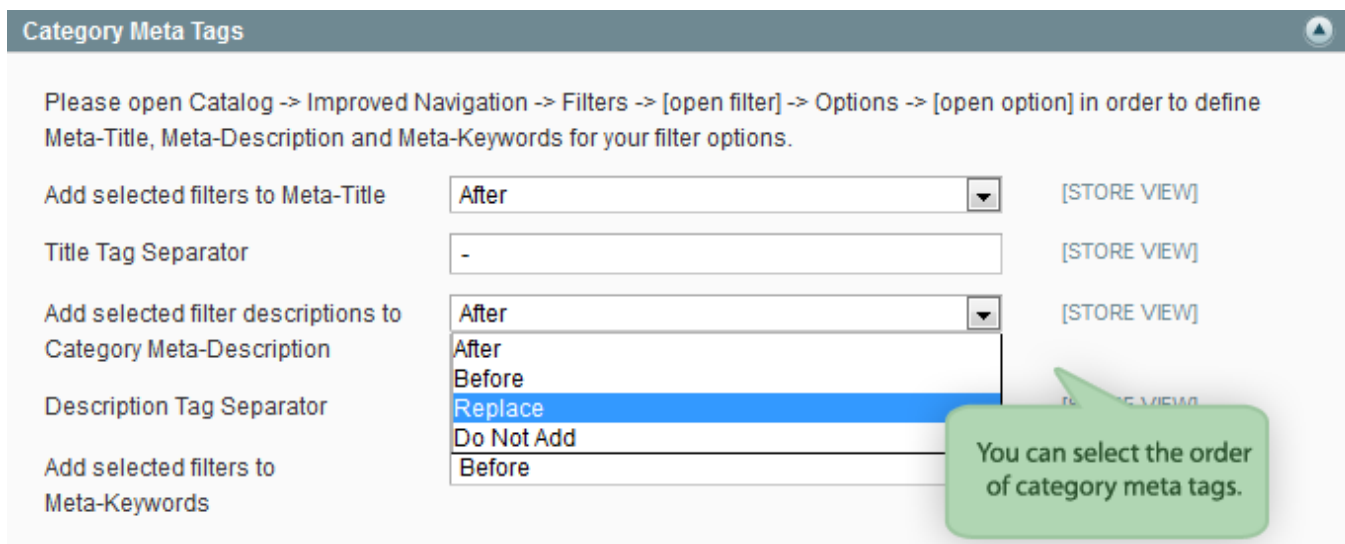

The first 2015 extensions update blog post is out! This is what we've done to improve existing Amasty modules.

[Improved Layered Navigation 2.6.6](#)

- Mobile devices friendly price slider

- Ability to order meta tags (before/after/replace)

- Separate cache for attributes, ability to flush it from the admin area

Cache Storage Management

[Flush Magento Cache](#) [Flush Cache Storage](#)

Select All | Unselect All | Select Visible | Unselect Visible | 0 items selected Actions Refresh

| Cache Type | Description | Associated Tags | Status |
|---|--|--------------------------|--------------------------|
| <input type="checkbox"/> Configuration | System(config.xml, local.xml) and modules configuration files(config.xml). | CONFIG | DISABLED |
| <input type="checkbox"/> Layouts | Layout building instructions. | LAYOUT_GENERAL_CACHE_TAG | DISABLED |
| <input type="checkbox"/> Blocks HTML output | Page blocks HTML. | BLOCK_HTML | DISABLED |
| <input type="checkbox"/> Translations | Translation files. | TRANSLATE | DISABLED |
| <input type="checkbox"/> Collections Data | Collection data files. | COLLECTION_DATA | DISABLED |
| <input type="checkbox"/> EAV types and attributes | Entity types declaration cache. | EAV | DISABLED |
| <input type="checkbox"/> Web Services Configuration | Web Services definition files (api.xml). | CONFIG_API | DISABLED |
| <input type="checkbox"/> Web Services Configuration | Web Services definition files (api2.xml). | CONFIG_API2 | DISABLED |
| <input type="checkbox"/> Amasty Improved Navigation | Indexed data for filters and their options | AMSHOPBY | DISABLED |

Separate cache for attributes, ability to flush it from the admin area.

Additional Cache Management

[Flush Catalog Images Cache](#) Pregenerated product images files.

[Flush JavaScript/CSS Cache](#) Themes JavaScript and CSS files combined to one file.

Store Locator 1.2.1

- Zip/Postcode field length limit removed
- Clicking on a store or a marker on the map now zooms map in
- Description field with WYSIWYG added (to add phone/website or any other additional information)

Edit Location item 'Apparel Store 1 San Francisco'

Sales Reps and Dealers 1.3.8

- no rewrites, except required for EE;
- added customer group restriction on create new order

Now dealers and sales reps can assign orders they create only to the customer groups specified by the store administrator. This feature is extremely helpful for merchants who have different prices for different customer groups. Such a restriction prevents dealers from assigning orders to the inappropriate groups.

- fixed filtering on the Reports tab
- new email template
- translations file added

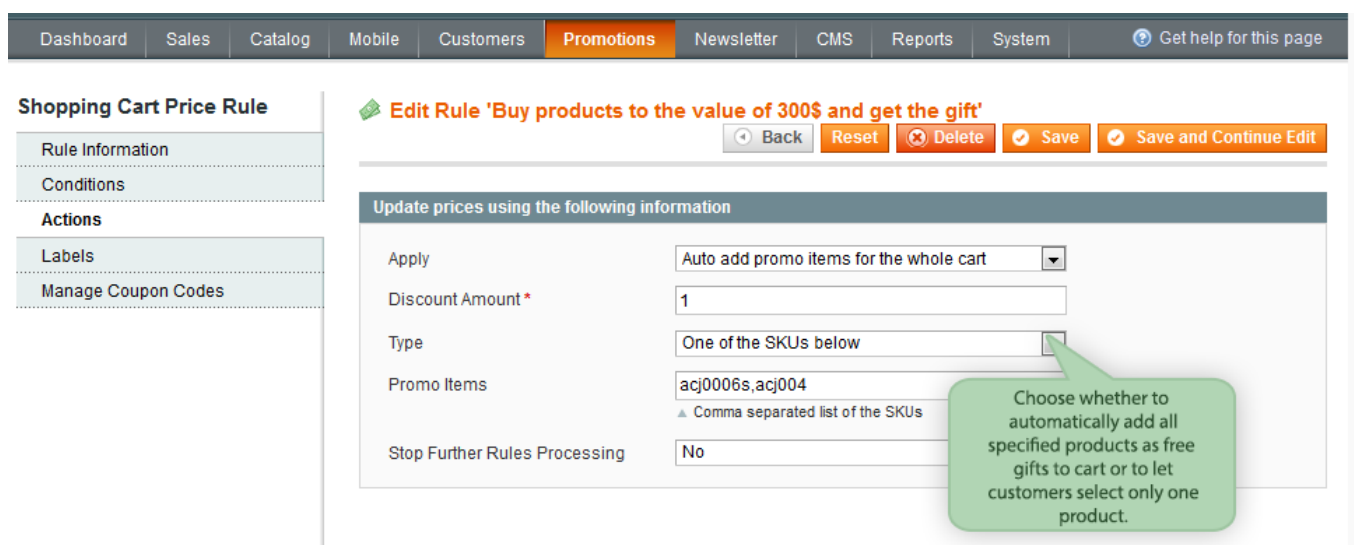

Special Promotions / Special Promotions Pro

1.6.1

- Functionality from Promotions Manager extension included
- Improvements for “Buy X get Y” special promotion
- Discounts on bundle items are now more flexible
- Product set rules are now easier to configure

Auto Add Promo Items 2.0.3

- Ability to add ALL items from the list or ONE item from the list

Dashboard Sales Catalog Mobile Customers **Promotions** Newsletter CMS Reports System [Get help for this page](#)

Shopping Cart Price Rule

- Rule Information
- Conditions
- Actions
- Labels
- Manage Coupon Codes

Edit Rule 'Buy products to the value of 300\$ and get the gift'

Back Reset Delete Save Save and Continue Edit

Update prices using the following information

| | |
|-------------------------------|---|
| Apply | Auto add promo items for the whole cart |
| Discount Amount * | 1 |
| Type | One of the SKUs below |
| Promo Items | acj0006s,acj004 ▲ Comma separated list of the SKUs |
| Stop Further Rules Processing | No |

Choose whether to automatically add all specified products as free gifts to cart or to let customers select only one product.

- free shipping bug fixes

Meta Tags Templates 1.3.5

- WYSIWYG added for short and full description fields
- URL update is now performed with AJAX to improve speed and avoid timeouts

Mass Product Actions 1.4.3

- New action to update all types of price. Can update all “price” type attributes as well as tier price and group price.

Product Feed 3.1.0

- Minor fix for Google feed
- Filtering products by attribute sets
- New output URL called 'URL with predefined simple product options'

Minor improvements:

Product Parts Finder 2.1.3

- W3C validation fixes
- Open redirect possible vulnerability fix

Admin Actions Log 1.2.7 – magento actions history extension

- Improvements for sending e-mail messages
- Fix for unnecessary data displayed in the change log
- Logging of order-related actions (invoicing, shipments) improved
- Logging of mass actions improved

Quick View 1.0.1

- A number of minor improvements

Color Swatches Pro 3.9.11

- Possibility to display price for configurable products in "From X.YY" to comply to law in some countries requiring to display price variation

Product Feed 3.0.0

- Extension core code refactoring to improve speed and scalability
- Advanced logic for custom fields' values implemented

How to get the updates?

You can easily download the updated extensions [in your account](#).
