

# Amasty Extensions Updates: July 2014

[Vera Rabkina](#) Jul 24, 2014

Amasty team continues to deliver the best quality extensions to you. In July we worked hard to offer our clients a fresh view to our best-sellers and other extensions we have for a pretty long time. Read on to have a grasp of 17 Amasty Magento extensions updated.

The major update of the month is [Full Page Cache](#). It supports many more features now, works faster and requires much less space. So if you haven't updated it yet, it is high time to do so. [Improved Layered Navigation](#) has become responsive now, it can also boast of some more performance and compatibility improvements. [Payment Restrictions](#) and [Shipping Restrictions](#) now allow restricting payment methods by day of the week, which creates room for more marketing initiatives. Check more Magento extensions updates in our infographics.
