

# Amasty extensions updates – July 2015

[Ksenia Dobрева](#) Jul 31, 2015

Marching to July updates! Here's what we've done to make our Magento extensions better.

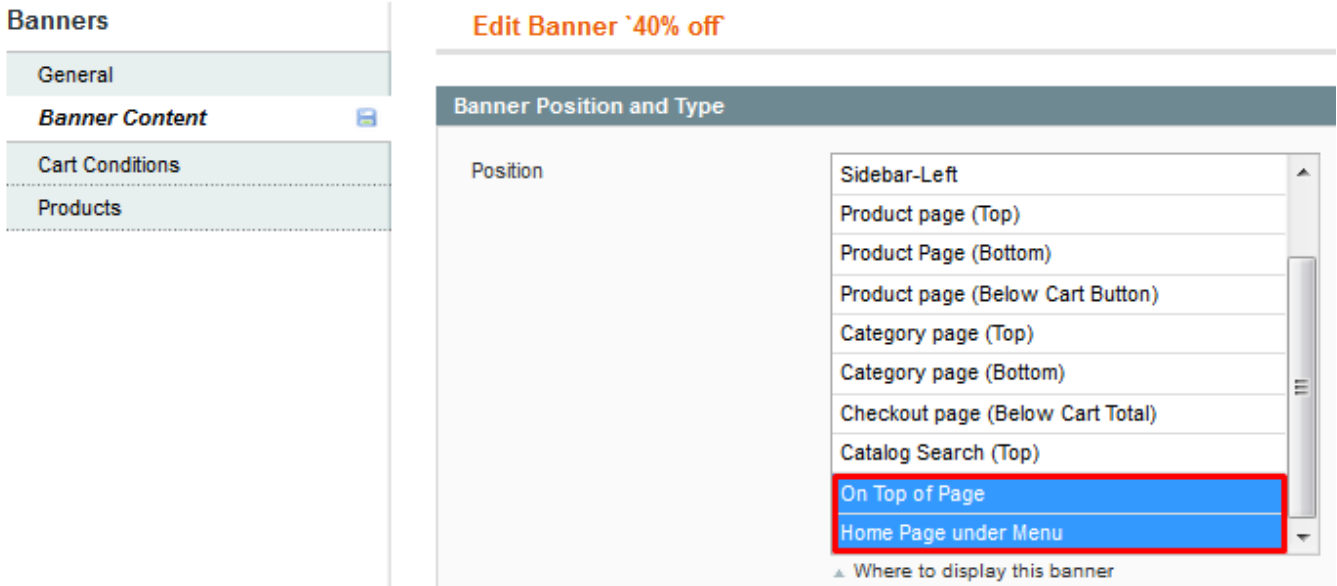

## [One Step Checkout 2.9.0](#)

- Significant performance improvement. Now customer can see the checkout page faster, while some sections can be loaded later by request.

This is a large update, which was implemented to **significantly improve user experience**. Page time load is an important factor that influences conversions, and we created a solution to improve checkout page load time.

## [Promo Banners 1.1.6](#)

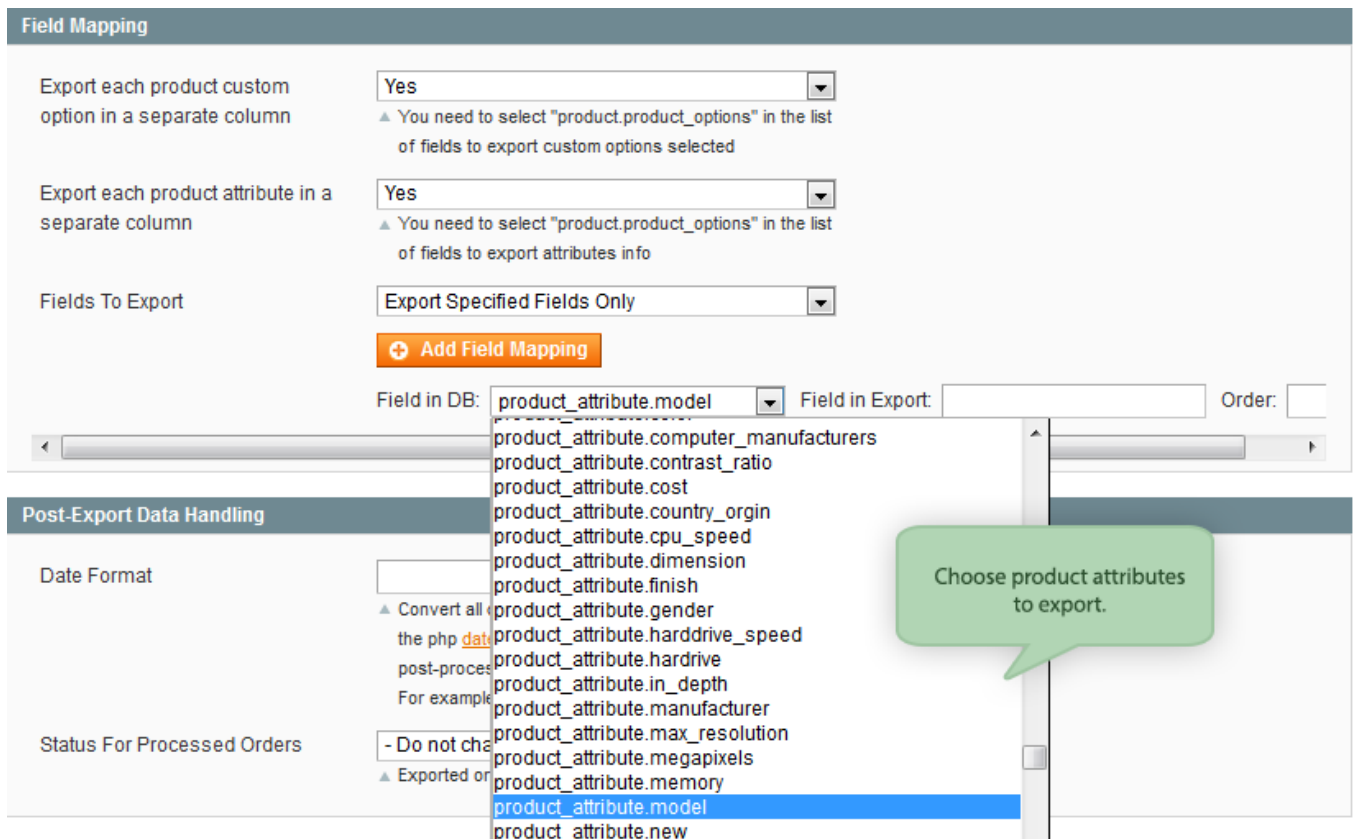

- New banner positions: On top of a page; Home page under menu

## Efficient Order Export 2.7.1

- Possibility to export product attributes both with the order items information

All created attributes assigned to particular products will be available for export on the Export Profile page and will be marked with the 'product\_attribute' prefix.

## Admin Actions Log 1.4.4

- Automatic purge of login attempts log after specified number of days

To keep your login history clean and up-to-date you can specify a particular time period (in days) after which the information about old login attempts will be cleared.

General		
Enable Automatic Login Lockout	Yes	[STORE VIEW]
	▲ User will not be able to login after unsuccessful login attempts	
Number Of Failed Login Attempts	3	[STORE VIEW]
	▲ Maximum allowed number of tries	
Lockout Time (in seconds)	15	[STORE VIEW]
	▲ Blocking will be removed after this amount of time. If set to 0, users will be locked permanently, until lock is removed manually	
Log All Admin Users	Yes	[STORE VIEW]
Automatically Purge Action Logs After (Days)	90	[STORE VIEW]
Remove All Lockouts	<a href="#">Remove</a>	[STORE VIEW]
	▲ Clicking this button will unblock all currently blocked users	

Check the updated [magento admin user](#) extension.

## Delivery Date 1.2.1

- Option to set maximum order quantity per time interval

Enabled 'Disable Same Day Delivery After'	No	[STORE VIEW]
Enabled 'Disable Next Day Delivery After'	No	[STORE VIEW]
Quota Per Day	1	[STORE VIEW]
	▲ Maximum number of deliveries per day. Set 0 to unlimited.	
Default Quota Per Time Interval		[GLOBAL]
	▲ Specify maximum order quantity per time interval. Set 0 for unlimited number of orders.	

Specify how many orders a customer can make per established time interval.

# How to get the updates?

You can easily download the updated extensions [in your account](#).

If you have any questions regarding module updates, please submit a [ticket here](#), and we'll quickly help you out.
