

Amasty extensions updates: September 2014

[Ksenia Dobрева](#) Sep 25, 2014

September is going to end soon, so it's high time we quickly go through updates that were released for some Amasty extensions. Read on to know about the new features and fixes that has been implemented this month.

[Full Page Cache](#) is the September champion: it was updated with some useful features, such as a setting to avoid creating many pages with the same URL but various GET parameters – now you can treat them as a single page. You may also want to have a look at the updated [Abandoned Cart Email](#) which now has the ability to show configuration options like color or size for each product in the email.

Here's the full list of updates:

Amasty Extensions Updates: September 2014

Full Page Cache

Version 1.2.5

- Setting to refresh product page cache after a new order is placed (useful when actual product quantity is displayed on the page)
- Support for REDIS sessions
- Possibility to use hole punch feature for custom parts of content inside templates
- New settings page with more debug options

- Examples of custom block definitions
- New setting added for considering pages similar when specified GET params are in the URL

Product Labels

Version 2.0.9

- Small admin UI improvement: for yes/no attributes now there is a drop down instead of 1/0 input box

Improved Layered Navigation

Version 2.6.0

- New short URL structure, 301 redirects from the old ones if needed
- Clean AJAX URLs with using HTML5 request state
- Price slider supports more custom themes
- Minor improvements

Advanced Permissions

Version 1.0.7

- Correct behavior of product owner attribute after extension is disabled
- Setting to restrict save and delete button for customers and products

Abandoned Cart Email

Version 1.8.0

Out of Stock Notification

Version 1.2.4

- Possibility to send notifications as soon as product quantity is changed by admin

Google Rich Snippets

Version 1.1.1

- Better support for price snippet in custom themes

Customer Attributes

Version 5.3.2

- Possibility to automatically approve a customer based on customer group

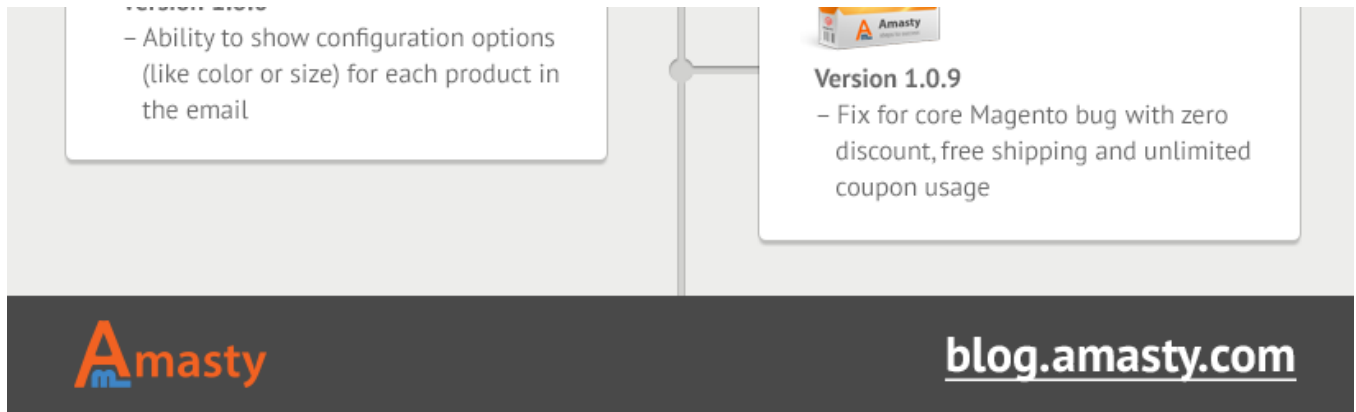

Custom Stock Status

Version 3.7.0

- Removed class rewrite in the admin section
- Better support of Grouped products

Auto Add Promo Items

The banner features a dark grey background with a white Amasty logo on the left and the text 'blog.amasty.com' on the right. Two white callout boxes are positioned above the logo. The left box contains the text: '- Ability to show configuration options (like color or size) for each product in the email'. The right box contains the text: 'Version 1.0.9' followed by '- Fix for core Magento bug with zero discount, free shipping and unlimited coupon usage'. A small Amasty logo icon is placed above the version text.

- Ability to show configuration options (like color or size) for each product in the email

Version 1.0.9
- Fix for core Magento bug with zero discount, free shipping and unlimited coupon usage
