

Magento 2 Blog PRO – new Amasty extension

[Darya Yermashkevich](#) Oct 27, 2016

We are happy to present our new Magento 2 extension to you – [Blog Pro](#).

Design a custom and responsive blog. Create posts with the WYSIWYG editor and schedule their publishing. Use handy SEO tools to improve your blog ranking. Interact with visitors via comments and social media buttons.

BLOG PRO

Useful for:

CONTENT MARKETING

Features:

- Customize responsive layout and blog design
- Adjust blog posts display
- Manage comments and let visitors share content
- Utilize SEO-friendly blog pages
- Use advanced content management tools
- Fully optimized for mobile

With this Blog Pro for Magento 2, you can turn your webstore blog into a powerful marketing communication tool. The flexible layout builder will help you create the blog design in line with your store theme, as well as top e-commerce and tech trends. To build a stronger connection with readers, provide social sharing options and let visitors express their thoughts in an interactive comment feed. Keep an eye on SEO to improve blog ranking and systematically attract readers that are likely to convert to customers.

MAGENTO 2 BLOG PRO FEATURES:

- **Configure** an intuitive **blog layout via drag-and-drop** and get a custom design that suits your store appearance;
- **Optimize posts display**, configure RSS, and include only certain blog parts into XML sitemap to improve navigation;
- **Display 3D tag clouds** on blog pages to let visitors quickly find the most interesting topics;

- **Add social sharing buttons to posts** and gain popularity in Twitter, Facebook, and other social networks, as well as improve your ranking in Google;
- **Use a handy WYSIWYG editor** to format texts the way you need with ease;
- **Add multiple blog authors;**
- **Automate blog posting** by scheduling them for the best time;
- **Manage posts comments like a pro:** moderate comments yourself or allow automatic approval, enable notification and work on comments via the grid;
- **Generate SEO-friendly URLs and metadata** for the blog, certain posts, categories, and tags;
- Become **GDPR compliant** and request consent to process personal data;
- Maintain an attractive blog appearance **on all mobile devices** and with custom themes.

STYLE

Fall Layers

Fall has officially arrived with gorgeous autumn hues, pumpkin-flavored *everything*, and plenty of opportunities to pile on the style. We're bundling up for the season ahead with our favorite layering pieces, from structured jackets and cozy sweaters to statement-making accessories. In need of a little wardrobe inspiration? Check out the layered looks we're "falling" for now.

BOYISH CHARM

jacket, blouse, scarf, hat

Create well-looking post pages with beautiful visuals, cross-links, and social sharing buttons.

Instantly transition your summertime tops and tees to your fall rotation with the help of a cropped military jacket. This versatile must-have works just as well with feminine blouses, dresses, and skirts as it does with casual knits and joggers. Top it off with a colorful scarf, or add a two-tone wool *baseball*
