# NEW MAGENTO 2 EXTENSIONS

## CUSTOMER GROUP CATALOG

Useful for: **CUSTOMER MANAGEMENT**

### Features:

- Adjust products visibility to your business needs
- Provide customer groups with selective access to store catalog
- Hide or replace product price with CMS-blocks or images
- Redirect users to custom CMS-pages or to 404 page
- Hide the 'Add to cart', 'Add to wish list', and 'Add to compare' buttons

*If your business or legal needs require hiding certain products or prices from particular customers, this extension is the right tool to use. Easily follow your needs and motivate customers to perform certain actions to get access to the product.*

## MAGENTO 2 CUSTOMER GROUP CATALOG FEATURES:

- Change the **price for a 'Call for price'** CMS-block;
- Use a **custom pop-up window** to give shoppers a chance to request a quote when price is unavailable;
- Manage the quotes on the **handy request grid** to check their statuses and prepare the answers;
- Include **custom variables** into a CMS static block: a website address, sales department contacts, hyperlinks, etc.;
- **Hide or show category and product page elements:** 'Add to cart', 'Add to wish list', and 'Add to compare' buttons;
- Set access options for various **customer groups**;
- **Redirect visitors** of a definite customer group to a custom CMS-

page or to a 404 page;

- Supply products, which are hidden from a category, with **direct links**.
