

Magento 2 Infinite Scroll – new Amasty extension

[Alexandra Zhos](#) Mar 13, 2017

Please, welcome our new extension for Magento 2 – [Infinite Scroll](#).

Infinite scroll for Magento 2 automatically loads product catalog without reloading the page. Now your customers shouldn't ping-ponging between pages to find the desired item.

NEW MAGENTO 2 EXTENSIONS

INFINITE SCROLL

Useful for: **user experience**

Features:

- **SEO-friendly functionality**
- **Customized navigation bars**
- **Auto loading of the pages**
- **'Back to top' button**

Imagine that you go to the web store for something special. You specify all the filters and start browsing. After clicking 'next page' several times and waiting for another page load you get more and more irritated to the point you simply quit, upset and disappointed. Wouldn't it be nice to make a browsing experience more comfortable?

The Infinite scroll for Magento 2 offers you a smooth catalog browsing, that saves time and nerves of your customers. Improve your navigation by replacing the exhausting "1, 2, 3, ... 100" pages to the product list scroll.

MAIN MAGENTO 2 INFINITE SCROLL FEATURES:

- Smart navigation with **SEO-friendly functionality**
- **AJAX plugin**, that loads the next pages automatically, when visitors reach the end of the page
- **Customize navigation bars** by choosing their location, size, shape and color
- **'Back to top'** button to easily get back to the top of the product list

- **'Info button'** that shows on what page you are now
- Enable the **auto loading** of the next pages or the **'Load next'** button
- **Share links to certain positions** in the items list
