# NEW MAGENTO 2 EXTENSIONS

## MASS ORDER ACTIONS

Useful for: **ORDER MANAGEMENT**

### Features:

- Create invoices and ship orders right from the grid
- Manage order statuses from the order grid
- Display and edit tracking numbers on the grid
- Apply chosen actions to multiple orders in one go
- Use action combinations

*Mass Order Actions is a must-have if your Magento store receives a significant daily amount of orders. If you're tired of processing each and every order by opening them one by one, install this extension to save your time and effort for more important tasks.*

## MAGENTO 2 MASS ORDER ACTIONS FEATURES:

- **Select mass actions to be available on the order grid** and displayed in the actions dropdown.
- **Create and send invoices right from the order grid:** add the needed action to the Actions dropdown then apply it to all the chosen orders;
- **Add 'Shipping' column to the order grid:** apply shipping actions to multiple orders, mention a shipping carrier, a custom carrier title and a tracking number right on the grid;
- **Change statuses for definite orders right on the grid,** set a default status for each action;
- **Apply actions combinations to numerous orders** to speed up the order processing.
