

Greetings to Meet Magento Belarus 2014 Partners

[Ksenia Dobreva](#) Sep 2, 2014

Are you looking forward to the great event hosted here in Minsk as we are? Meet Magento Belarus is on its way!

Today Amasty team welcomes our sponsors and partners. We are proud to present the guys who decided to support this event and contribute to Magento development and e-commerce community.

Silver Sponsor

[Advanced Logic](#) is specialized in developing quality e-commerce solutions for Magento. The technical background and the skills trained through years of working allow the company to assist its clients on omni-channel projects and tasks of any complexity.

Listed as Magento Solution Partner, Advanced Logic is proud to be one of most reputed Amasty Partners.

Media Partners

- [IT Sobytie](#) is a web portal highlighting IT and telecom events in Russia, Ukraine, Belarus and Kazakhstan.
- [Evenimentebiz](#) invites to discover the most fascinating events. This is

a platform for business development, building relationship and personal growth.

- <http://blogevent.ro> is a home to several authors that write about tech, blogging, events and conferences, and more.
- <http://www.postbranche.de/> is a website devoted to postal services and all things alike.
- [Promodo](#) makes and supports websites, manages SEO and PPC, does analytics for web marketing and usability, as well as social media marketing from 2004. Today **Promodo** is more than 100 team members in 4 offices around the world.
- [Netresearch App Factory AG](#) marketplace consists of three main parts: The e-commerce directory, the App store and a ticket shop for Events and Trainings. What is more, the company is famous for Bluegento, a new on-demand e-commerce solution based on Magento and the best components.
- <http://itraining.ru> establishes professional IT management community in Russia and CIS. The company provides training in IT Project Management, Leadership, Teamwork, Risk Management and Business Consulting.
