

# Amasty at Meet Magento Poland 2013

[Alena Dalidovich](#) Nov 6, 2013

The [Meet Magento Poland](#) conference has just finished and all its participants, full of new knowledge and positive emotions are already packing their bags to go home. We want to thank event organizers, speakers and all Magento community members who took part in this event. There is nothing better than meet like-minded people eager to share their priceless experience with others.

Two days of the conference have passed too quickly. The carefully planned [program](#) gave the participants no chances to relax as each presentation was really worth seeing. Amasty's representative Alex Stelmakh was one of the speakers. He shared with the audience an effective strategy that allows to increase an online store revenue in five easy steps.

If you had no opportunity to visit the [Meet Magento Poland 2013](#) conference, now you get a unique chance have a look at the Alexander's presentation and find out how to boost your web-shop revenue.

Please feel free to ask for any questions and share your ideas in the comments section. In our next posts we promise to provide you with the detailed report from the conference.

Fortunately, Magento community never sleeps and continues surprising its fans with new exciting events. And we are glad to take part in the next conference – [Magento Live](#), that will be held at the Germany, Munich on November, 12. Stay tuned!

And now it's high time to come up to Alex's presentation! We are really grateful to all the conference participants who gathered in the conference hall to learn the way to increase online store sales in 5 easy steps. We hadn't even dreamed of such an attentive audience eager to get new knowledge.

Plunge into the atmosphere of the conference like if you were sitting in the conference hall in front of the speaker. We hope you've been intensively training your memory in order not to miss any details. Welcome to see the conference video right now! Open your eyes and get prepared for tons of useful info
