

# Promotions Manager for Magento 2 – new Amasty extension

[Alexandra Zhos](#) Sep 19, 2017

We are happy to introduce you our new Magento 2 extension – [Promotions Manager for Magento 2](#)

**Enjoy the expanded price rules grid: apply more actions and use additional columns to see the rules' details.**

## NEW MAGENTO 2 EXTENSIONS

### PROMOTIONS MANAGER

Useful for: **PROMOTIONS**

Features:

- See a rule type and a discount amount right on the grid
- Instantly duplicate discount rules on the grid
- Enable, disable and delete shopping cart price rules
- Apply actions to multiple rules at once
- Apply top and low priorities to rules in one click

*When you have multiple promotions on your website, it's quite difficult to manage them all at once. With Promotions Manager plugin you can apply several new actions to manage the rules in bulk. Moreover, you don't need to open the price rule page just to see the details: you can find*

*all the important information right on the grid.*

## Promotions Manager for Magento 2 features:

- Skim through such info as **a rule type and a discount amount right on the grid**
- **Set rule priorities** in one click
- **Enable, disable and delete multiple rules** at a time and in bulk
- **Duplicate discount rules** on the grid

### Cart Price Rules

Apply the actions to single and multiple rules right on the grid
