

Magento 2 Shipping Rules – new Amasty extension

[Ksenia Dobрева](#) May 24, 2016

Please meet the new Magento 2 extension from Amasty – [Shipping Rules](#).

Create custom shipping rules based on a variety of product conditions and shopping cart attributes. Apply additional delivery options surcharge, discount or replace shipping rates according to your business needs.

SHIPPING RULES

Useful for:

SHIPPING

Features:

- Define shipping rules based on product, order or cart attributes
- Determine custom shipping rates per product or per order
- Set shipping based on customer groups or store views
- Implement shipping rules based on customer address information
- Create unlimited number of rules

Shipping rates provided by carriers often need to be adjusted to fit your business. This extension was created so you can fine-tune your shipping prices and gain full control over your shipping to achieve what's best both for you and for your customers.

MAGENTO 2 SHIPPING RULES FEATURES:

- **Build shipping rules** using a wide variety of settings, such as:
 - [*shipping carriers and methods*](#)
 - *rates modification per individual products or whole orders*
 - *days of the week*
 - *coupons and discounts*
 - *rule priority*
 - *order and product attributes*
 - *store views*
 - *customer groups*
- Offer **better shipping rates** to selected customers;
- Boost sales by running **promotions with shipping discounts**;

- **Customize carrier rates;**
- **Modify delivery prices** both by flat amount and by a certain percent at the same time;
- **Activate/disable shipping rules** when a definite promotion rule is applied;
- **Restrict shipping rules** activation by day of the week and time periods;
- Use **customer attributes and purchase history** for shipping rules conditions;
- Include **tax and discounts** into subtotal condition.

Street Address *

City *

State/Province *

Zip/Postal Code *

Country *

Phone Number *

This is how the module works on the frontend. Shipping price was set to zero by 'Replace' action.

Shipping Methods

<input checked="" type="radio"/> \$0.00	Table Rate	Best Way
<input type="radio"/> \$45.00	Fixed	Flat Rate
