- EMBED BRAND LISTING AND BRAND SLIDER ANYWHERE
- SEO-FRIENDLY URLS FOR BRAND DETAIL PAGES

Sometimes a brand name speaks louder than any advertising text. Thousands of customers come to online stores to find products of a specific manufacturer. So, why not help them get what they want? Show your customers the quickest path to desirable items by providing them with intuitive navigation by popular brands.

Create custom pages for each particular brand and equip them with stunning logos, catchy texts and SEO-friendly URLs. Generate a brand listing page with a featured brands slideshow and a smart search box that auto suggests the most relevant brands when customers start typing in.
