Magento Extensions Updates – January 2019

[Alina Bragina](#)   Jan 31, 2019

Hello to Amasty blog readers!

2019 has begun. Traditionally, we sum up the work done during the first month with our updates post. We are happy to present you all the new features and improvements implemented into our extensions.

So, let's enter this year with new business opportunities.

Just keep reading.

Magento 2

Magento 2 One Step Checkout 2.2.0

- **NEW**: We added a new option that allows you to reorder/enable/disable the checkout fields with drag-and-drop.
- **NEW**: Now, in addition to enabling, disabling and editing the fields

via *'Manage Checkout Fields'*, you can also add up to 3 fields to your checkout form.

- **NEW**: To improve your experience with the module, we added the vanilla Magento 2 settings: *'Allow Guest Checkout'*, *'Enable Terms and Conditions'*, *'Show Tax/VAT Number'* to the extension configuration page:

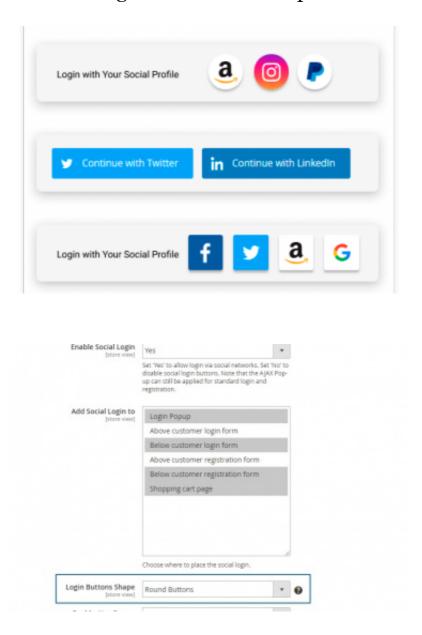

- Also, we added a number of hints, comments and info messages to the extension settings.

Magento 2 Social Login 1.3.0

- **NEW**: We added a new login option – now your customers can log in

via PayPal.

- **NEW**: Also, we introduced a small design update – now you can choose between rectangular and round shapes for social login buttons:

- We updated the Google logo.

Magento 2 Multi Warehouse Inventory 1.5.1

- **NEW**: We added export of products of a specific warehouse for allowing the migration of the very stock to the Magento MSI:
