

MAGENTO EXTENSIONS UPDATES – JUNE 2020

Posted by Alina Bragina | Jun 30, 2020 | Extensions Updates | 10

Support for Magento 1 ends today. Magento already moved the EOL date once and, today, the decision is final. Cool, if you guys have already moved to M2 if not, don't despair, as our partner, Mage One will issue security patches and make it compatible with the latest technologies. We, in turn, will guarantee compatibility of our best-selling Magento 1 extensions with these patches, see the full [list of supported M1 modules](#).

Plus, we offer a [Magento 2 migration service](#). If you have no idea what to start from, [talk to our Business Development Manager, Ignat](#). This consultation is free and has nothing to do with

aggressive marketing. Our aim is to help you move to Magento 2 with the same or extended set of features you had on M1, help you find a substitute for M1 extensions. We'll listen to your requirements and suggest the solutions. Your main task will be to choose the one that suits your needs and decide whether to hire us for the job or not.

And while you think over the offer, see the list of updates we made for our M2 modules in June.

[How to get the updates?](#)

MAGENTO 2 EXTENSIONS

AFFILIATE 1.3.0

- **NEW** now you can assign an Affiliate Program to a customer/ customer group/customer using their IDs.

COOKIE CONSENT (GDPR) 2.0.5

- We disabled deleting cookies from the 'Essential' cookie group and included 'section_data_ids' into it by default. Note that the cookie 'section_data_ids' will be in the same group after upgrading. We recommend you move it to the 'Essential' cookie group.

CUSTOM FORM 1.15.0

- **NEW** we added two new designs to the templates of custom forms. Plus, now you can choose the appearance of each particular form.

How would you rate our store?

Previous

Next

- You can filter submitted data by *'Customer Email'*.
- Aso, we updated MFTF tests to perform testing of higher quality.

CUSTOM STOCK STATUS 1.4.1

- **NEW** we covered the main plugin's features with MFTF tests to improve the quality of our extension.

ELASTIC SEARCH 1.8.6

- Now you can programmatically add any custom analyzer to extend the search functionality.

EXTENDED PRODUCT GRID WITH EDITOR 1.7.0

- **NEW** highlight columns on the Product grid to find the needed info faster.
- **NEW** export products from the Products grid.
- When forgetting to save any changes on the Product grid, this extension will warn you via popup.
- Now you can apply several categories for filtering.
- We refactored the extension's code and reviewed the UX/UI to make it work more stably.
- The extension now supports Magento Enterprise's split databases.

SUBSCRIPTIONS & RECURRING PAYMENTS 1.6.0

- **NEW** Create different subscription plans with custom pricing and options: billing frequency, trial period duration, initial fee, discounts, number of discounted cycles, etc. Manage all the plans on the Subscription Plans grid.
- Now your customers can set subscription orders with order total value equal to zero.
- Plus, we added a text block with conditions for a trial period to the storefront, so that you can timely address users' concerns.
