**Minor improvements for your Magento 2 extensions
How to get the updates?**

MAGENTO 2 EXTENSIONS UPDATES

ADVANCED PERMISSIONS 1.4.22

- Now, this extension is compatible with Amasty **Advanced Permissions**, **Order Archive**, and Archive Orders option in Magento Commerce.

ADVANCED SEARCH 1.15.5

- **NEW** Now you can exclude separate CMS pages, like 404 pages, homepage, from search results.

B2B COMPANY ACCOUNT 2.0.0

- **NEW** We introduced a new offline payment method and the Company Store Credit functionality. You can let companies acquire products now and pay for them later, or let them make advance

payments so that other company members can use the prepayment towards the next purchases. Plus you can allow companies to have a negative balance and collect penalties for overdue payments.

- **NEW** Now you can use Companies in conditions for Cart Price Rules or Amasty **Customer Group Catalog** and set targeted promotions for specific companies.
- **NEW** We added a Company Account link to the top Customer Menu for better navigation.

BLOG PRO 2.6.0

- **NEW** We created a separate layout for an author's block. Now you can share more information about your authors including photos, their BIOs, and links to social networks and other resources.
- We also added a new option for URL Postfix settings to let you use Slash("/") as a value.
- Plus, we covered the main extension's features with MFTF tests to ensure their stable work.
- Also, we improved its compatibility with Amasty Jet Theme.

COOKIE CONSENT (GDPR) 2.4.0

- **NEW** We changed the data structure to enhance work with entities and improved the code quality.
- Now this extension is compatible with Magento 2.3.5+ and 2.4

CUSTOM STOCK STATUS 2.1.2

- We singled out the integration with Magento MSI into a separate module for the smooth functioning of the extension on single-source installations.

CUSTOMER GROUP CATALOG 1.7.0

- Now you can filter and apply actions to selected rules in the grid as we added standard controls.
- Now you can see how the settings for Product Page Display Options look like on a product page.
- Now, this extension is compatible with Magento 2.3.5+ and 2.4, as well as with Amasty **Company Account**.

DIMENSIONAL SHIPPING WEIGHT 1.8.2

- **NEW** We added sorting for table rates on the Shopping Cart/Checkout pages according to their Priority, e.g., the lower the value in the Priority field is, the higher the method on the storefront.
- **NEW** We made this extension usable with native Magento Import Shipping Rate functionality so that a user can perform Replace/Delete/Add actions with ease. Also, the values in the Rate Method selector now contain rate_id to make their names more clear to managers.

- We enhanced the volumetric/effective weight option, so now you can set up which type of weight should be used when calculating the shipping price for specific shipping methods and products.
- We improved the validation of positive numeric values for the set of fields on the Amasty Shipping Table Rates configuration pages.

E-COMMERCE TEMPLATES 1.2.3

- We added the Address Search feature for Magento Commerce.
- Now, this extension comes with the Gift Registry feature for Magento Commerce.

GIFT CARD 2.3.0

- **NEW** We developed a new Gift Card Code Status Check widget to let you check Gift Card balance on the store's pages.
- We improved compatibility with Amasty **Extra Fee**.
- Now, upon the refund process, you can return the Gift Card balance applied for orders at the checkout.
- We added a Recipient Email column to the Gift Code Accounts grid, so you can check and find gift codes without browsing the detail page.
- Also, we added a Sender Email column to this grid to let you search gift codes by using sender emails.
- Plus, now you can filter gift codes by an order number in the Gift Code Account grid.

JET THEME 1.3.0

- **NEW** We added the Address Search feature for Magento Commerce.
- **NEW** Now, this theme comes with the Gift Registry feature for Magento Commerce.
- Now Jet Theme goes with our **Improved Layered Navigation Lite**, **Product Tabs**, **Thank You Page**, and **Google Invisible reCaptcha** extensions.
- Now you can apply Color Scheme and Fonts per store views.

MEGA MENU 1.9.1

- **NEW** We designed a new model for subcategories display. Now you can configure and show the content on categories of any level.
- **NEW** We introduced an option to show icons for categories in the menu. Now you can visualize category names for more intuitive navigation on a desktop and/or mobile view.

- Also, now you can set external URLs for Custom Menu Items.

SHIPPING TABLE RATES 1.8.2

- **NEW** We added sorting for table rates on the Shopping Cart/Checkout pages according to their Priority, e.g., the lower the value in the Priority field is, the higher the method on the storefront.
- We made this extension usable with native Magento Import Shipping Rate functionality so that a user can perform Replace/Delete/Add actions with ease. Also, the values in the Rate Method selector now contain rate_id to make their names more clear to managers.
- We enhanced the volumetric/effective weight option, so now you can set up which type of weight should be used when calculating the shipping price for specific shipping methods and products.
- We improved the validation of positive numeric values for the set of fields on the Amasty Shipping Table Rates configuration pages.
