Extra Fee

Create extra fees for any additional store service just in a few clicks. Display fee options on the cart and the checkout pages to draw customers' attention.

- Design an unlimited number of fees according to your needs
- Accurately set up fees options
- Manage fees' display
- Specify the pages to display fees' options on
- Choose an input type for each particular fees block

General Settings

To configure general extension settings, please, go to **System → Configuration → Amasty Extensions → Extra Fee**.

The screenshot shows the Magento Admin configuration interface for the 'Extra Fee' extension. At the top, there are navigation tabs for 'Sales', 'Catalog', 'Customers', and 'System', with 'System' being the active tab. Below the tabs is a 'Latest Message' banner. The main configuration area is titled 'Extra Fee' and includes a 'Save Config' button. On the left, there is a sidebar with a 'Current Configuration Scope' dropdown set to 'Default Config' and a navigation menu with 'AMASTY EXTENSIONS' expanded to show 'Extra Fee'. The main content area is divided into two sections: 'Calculation' and 'Tax'. The 'Calculation' section has three rows, each with a label, a dropdown menu, and a '[STORE VIEW]' link. The 'Tax' section has two rows, each with a label, a dropdown menu, and a '[STORE VIEW]' link. The 'Tax Class for Checkout Fees' dropdown is currently open, showing options: 'None', 'None', 'Taxable Goods', 'Shipping', and 'Tax Exempt'.

Section	Field	Value	Link
Calculation	Include discount in subtotal	Yes	[STORE VIEW]
	Include tax in subtotal	Yes	[STORE VIEW]
	Include shipping in subtotal	Yes	[STORE VIEW]
Tax	Tax Class for Checkout Fees	None	[STORE VIEW]
	Display Fee Including Tax	None	[STORE VIEW]

The **General** tab:

Include discount in subtotal - enable if you want the subtotal to include discounts.

Include tax in subtotal - set to **Yes** to make the subtotal include taxes.

Include shipping in subtotal - enable to include shipping cost in subtotal.

The **Tax** tab:

Tax Class for Checkout Fees - specify the type of tax that should be used for calculation.

Display Fee Including Tax - set to **Yes** to add a fee tax to the checkout fees grand total. A fee tax is included in the total tax value by default.

A new fees block creation

To create a new fees block, please, go to **Sales → Extra Fee**.

Cart - select **Yes** if you want to show fees block on the shopping cart page.

Checkout - choose the checkout step on which the fees block should be displayed.

Autoapply - set the field to **Yes** to automatically apply fees based on certain conditions.

To enable the auto application, you also need to set the default fee value (precisely this fee will apply automatically). To set the default fee value, go to the **Fee Options** tab and choose the option by default:

Title - Default*	Title - English	Title - French	Title - German	Price *	Price Type	Position	Is Default	<input type="button" value="Add Option"/>
<input type="text" value="Box"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text" value="3.0000"/>	<input type="text" value="Fixed"/>	<input type="text" value="1"/>	<input type="radio"/>	<input type="button" value="Delete"/>
<input type="text" value="Box and a gift car"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text" value="5.0000"/>	<input type="text" value="Fixed"/>	<input type="text" value="2"/>	<input checked="" type="radio"/>	<input type="button" value="Delete"/>

Note! If the default fee option is not specified, the extra fee won't apply automatically.

On the **Store View Specific Labels** tab you can specify labels for different store views. The labels will be shown instead of the default fees block name.
