Merge and Disable Customers

Combine multiple client accounts together to keep all info about one customer in one place. Automatically transfer customer and order related data to the main account and disable unnecessary ones.

- Combine multiple customer accounts
- Transfer orders and order-related information
- Shift delivery addresses to the main account
- Transfer reviews, ratings and wishlists
- Disable redundant and merged accounts

Merge Accounts

To combine several accounts into 1 please go to **Customers** → **Manage Customers**.
