Shop by Brand

Let customers quickly find the brands they love with a user-friendly brands showcase. Increase your sales giving users better shopping experience with unique and fully custom brand pages.

- Brands Showcase in a Sidebar, Menu and Top links
- Brand Listing with a Brand Slider and a Search box
- Embed Brand Listing and Brand Slider anywhere
- SEO-friendly URLs for Brand Detail Pages
- Import and export Brands using CSV files

Due to the **Shop by Brand** extension a store admin can easily add a handy block with brand names and logos to the sidebar as well as display brands in the top navigation menu.

Create custom pages for each particular brand and equip them with stunning logos, catchy texts and SEO-friendly URLs. Generate a brand listing page with a featured brands slide-show and a smart search box that auto suggests the the most relevant brands when customers start typing in.

Option icons make product pages better to comprehend and more attractive. Also, they link to the lists of products, utilizing the same options, which makes it much easier to find other products with similar qualities.

How to show attribute icons on category pages

To show attribute icons on product list page (category page), follow these steps:

1) open **app/design/frontend/ [base/default/] template/catalog/product/list.phtml**, where `base` is your current design package and `default` is your current theme and :

2) add this line (2 times, one for grid mode and one for list mode)

```
<?php if (Mage::helper('core')->isModuleEnabled('Amasty_Brands')) {  
    echo Mage::helper('ambrands')->showIcon($_product, $this->getMode());}  
?>
```

after the product name code:

```
<h2 class="product-name"> ... </h2>
```

Then log in to admin panel, browse to Catalog → Attributes, go to edit front end properties of the attribute, icons of which you would like to display, and set **“Used in Product Listing”** setting to ‘Yes’:

Visible on Product View Page on Front-end	No
Used in Product Listing	No
	▲ Depends on design theme
