Guide for Store Pickup for Magento 2

Give your customers the opportunity to pick up their orders from a suitable store. Boost sales by providing customers with a comfortable shipping method. Improve customer loyalty by allowing them to save time and money for shipping. Display a brief order summary on a customer's account
Regulate store pickup method availability for particular stores and customer groups
Notify customers about store pickup details

- Add store pickup method to the checkout
- Create an unlimited number of sale points
- Display a brief order summary on a customer's account
- Regulate store pickup method availability for particular stores and customer groups
- Notify customers about store pickup details
- Complies with Hyvä & Hyvä Checkout Content Security Policy
- Hyva-ready storefront
- Hyvä Checkout ready

This extension is compatible with **Hyvä Theme** and **Hyvä Checkout**. You can find the 'amasty/module-store-pickup-hyva' and 'amasty/module-store-pickup-hyva-checkout' packages for installing in composer suggest (Please, note: the compatibility is available as a part of an active product subscription or support subscription)

Configuration

To configure the extension, go to **Stores → Configuration → Sales → Delivery Methods → Store Pickup by Amasty**.

Store Pickup by Amasty 1.0.0 by 

Enabled for Checkout <small>[store view]</small>	Yes
Title <small>[store view]</small>	Store Pickup
Ship to Applicable Countries <small>[website]</small>	Specific Countries All Allowed Countries Specific Countries
Ship to Specific Countries <small>[website]</small>	United Arab Emirates United Kingdom United States
Displayed Error Message <small>[store view]</small>	This shipping method is currently unavailable. If you would like to ship using this shipping method, please contact us.
Compare post codes as <small>[store view]</small>	Numbers, e.g. from 111 to 222 or from AB2 1 Strings, e.g. AB2% Numbers, e.g. from 111 to 222 or from AB2 to AB19
Sort order <small>[store view]</small>	100
Show Method if Not Applicable <small>[website]</small>	No

Enabled for Checkout - set to Yes to display store pickup method on the checkout page.

Title - specify the title for the shipping method.

Ship to Applicable Countries - set to All Allowed Countries if you want to offer store pickup method for customers from all countries. If no, choose the Specific Countries option in this tab.

Ship to Specific Countries - select the countries for which store pickup shipping method will be available.

Displayed Error Message - specify the restriction message that will be displayed instead of a blocked shipping method.

Compare postcodes as - choose the format for the postcodes: Numbers for numeric postal codes or Strings if the postcodes contain letters as well. To get more information about the postal codes system, check this post.

Sort order - specify the position of the 'Store Pickup' in the shipping methods list on the checkout page. The lowest number signifies the first position.

Show Method if Not Applicable - choose No to hide store pickup methods if unavailable.

General Settings

To adjust the module, please go to **Sales → Store pickup**.

Method Label

Comment

Method Label - fill in a method label. Use {store} variable to automatically generate store title and that will be displayed to a customer. **Comment** - provide some extra information about store pickup method.

Stores & Customer Groups

Expand this tab to configure the method's visibility.

The screenshot shows the configuration interface for a shipping method. On the left is a sidebar with 'METHOD OPTIONS' containing 'General', 'Labels', 'Stores & Customer Groups' (highlighted with an orange bar and a pencil icon), and 'Pickup Stores'. The main area is divided into two sections: 'Visible In' and 'Applicable For'. The 'Visible In' section has a 'Stores' label and a selection box containing 'Main Website' and 'Main Website Store', with 'Default Store View' selected. The 'Applicable For' section has a 'Customer Groups' label and a selection box containing 'NOT LOGGED IN', 'General', 'Wholesale', and 'Retailer', with 'General' selected. Both selection boxes have a note below them: 'Leave empty if there are no restrictions'.

Stores - define the stores in which the shipping method would be available.

Customer Groups - select customer groups for which store pickup will be allowed. Leave empty if there are no restrictions.

Pickup Stores

In this tab, you can view and manage all the stores in a convenient grid.

Store Name

Here you can set Store name that will be used for the {store} variable in the Store Pickup method name

Rate

Base Rate for the Order

In **Destination**, the tab specifies the conditions according to which the store will be displayed: **Country, State, City** and the range of **Zip** codes.

Store Name - set a store name that will be used for the {store} variable in the Store Pickup method name.

Base Rate for the Order - specify the rate for the method if needed.

To display the pickup point relevant to the customer's address, make sure that the conditions of different stores do not overlap with each other, otherwise, only one store will be displayed on the frontend. If you have several stores in the same city/country, you may leave some fields empty.

Add New Store

Search

5 records found

20 per page 1 of 1

Country	State	City	Zip From	Zip To	Store Name	Action
		New York			New York Store, Canal Street 17	Delete
			AB01	AB19	London Store, Bond Street 47	Delete
United States	United States/California				San-Francisco Store, Fell Street 5	Delete
United States	United States/Michigan	Calder			Calder Store, Acacia Avenue 22	Delete
Austria	Austria/Burgenland	Burgenland	1000	9999	Burgenland Store, Johansson Street 58	Delete

To provide your customers with multiple store selection, create a new shipping method.

For example, we have two stores in Calder and want to let customers choose the store to pick up from. So we create a new shipping method via the **Add New** button in the **Amasty → Store Pickup** tab.

Click **Save** and see how it works on the checkout.

The screenshot shows the LUMA checkout interface. At the top, there is a progress bar with two steps: 'Shipping' (marked with a checkmark) and 'Review & Payments' (marked with the number 2). Below the progress bar, the 'Shipping Address' section is highlighted with a red border. It contains the following information: Veronica Costello, 6146 Honey Bluff Parkway, Calder, Michigan 49628-7978, and a phone number (555) 229-3326. A '+ New Address' button is located below the address. To the right, the 'Order Summary' section shows '2 Items in Cart': 'Push It Messenger Bag' (Qty: 1, \$45.00) and 'Savvy Shoulder Tote' (Qty: 1, \$24.00). Below the shipping address, the 'Shipping Methods' section lists three options: 'Flat Rate' (\$10.00 Fixed), 'Best Way' (\$0.00 Table Rate), and 'Store Pickup' (\$0.00 Store Pickup at Calder Store, Acacia Avenue 22). A note states 'Store Pickup is available!'. A blue 'Next' button is positioned at the bottom right of the shipping methods section.

Order View

If a customer chooses Store Pickup as a shipping method, you will see it on the **Order View** page in the **Shipping & Handling Information** block.
