To configure general extension settings please go to Stores -> Configuration -> Admin Actions Log

The screenshot shows the Magento 2 Configuration page for the Admin Actions Log extension. The left sidebar contains navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, and System. The main content area is titled 'Configuration' and shows 'Store View: Default Config'. A 'Save Config' button is visible in the top right. The 'Log Settings' section includes the following options:

Setting	Value	Notes
Enable Page Visit History	Yes	Set this option to 'Yes' if you want to collect history of all pages, visited by the administrators.
Log Actions For All Admin Users	Yes	Set this option to 'Yes' to keep track of all admin actions. If you are only interested in actions of certain administrators, choose 'No' and select their names from the list.
