# 1. How to create user with advanced permissions

To create a sub-admin with advanced permissions you need to create a role first.  
Go to Admin panel -> System -> Permissions -> Roles

The screenshot displays the Magento Admin Panel interface. At the top, a red banner reads "Admin mode". Below it, a search bar contains "Global Record Search" and the user is logged in as "admin" on "Thursday, February 20, 2014". The navigation menu includes "Mobile", "Customers", "Promotions", "Newsletter", "CMS", "Reports", and "System". The "System" menu is expanded, showing options like "My Account", "Notifications", "Tools", "Web Services", "Design", "Import/Export", "Manage Currency", "Transactional Emails", "Custom Variables", "Permissions", "Magento Conns", "Cache Manage", "Index Management", "Manage Stores", "Order Statuses", and "Configuration". The "Permissions" option is further expanded to show "Users" and "Roles".

The main content area is titled "Add New Role" and includes a "Back" button. Under "Role Information", the "Role Name" field is filled with "marketing\_manager". A "Save Role" button is visible on the right. On the left, a "Role Information" sidebar lists "Role Info", "Role Resources", "Advanced Permissions: Scope", "Advanced Permissions: Categories", and "Advanced Permissions: Products".

An orange callout bubble with a white background and a black border points to the "Role Name" input field, containing the text "Specify role name here".

# 1. How to create user with advanced permissions

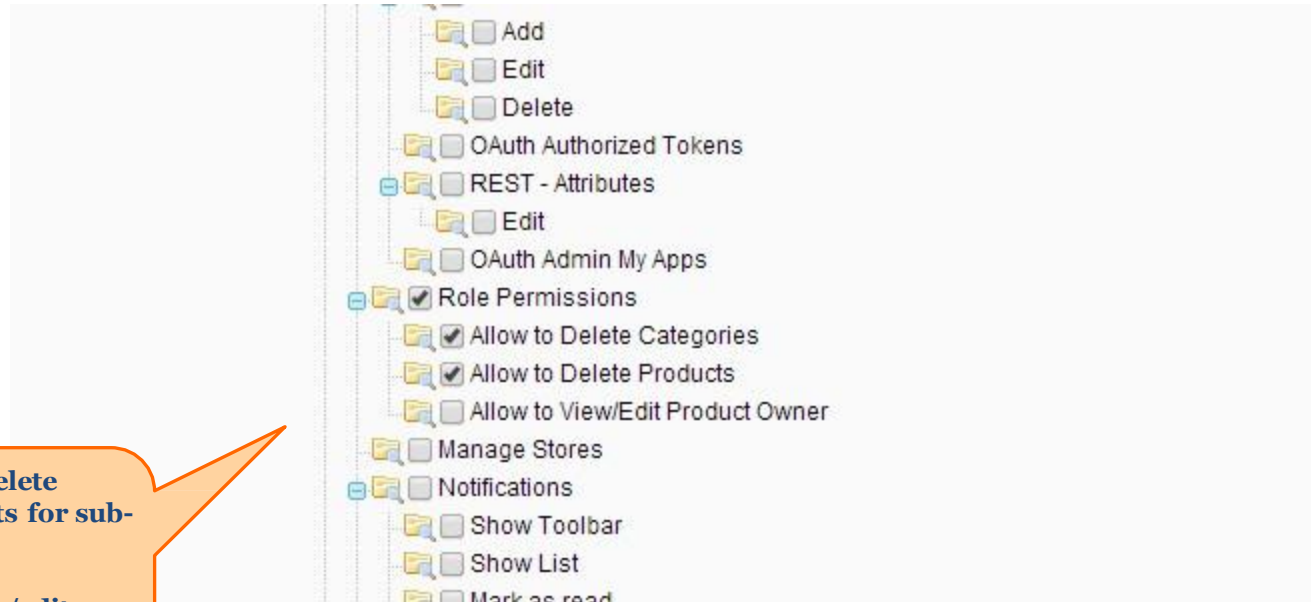

The screenshot displays the Magento Admin Panel interface in 'Admin mode'. The top navigation bar includes 'Dashboard', 'Sales', 'Catalog', 'Mobile', 'Customers', 'Promotions', 'Newsletter', 'CMS', 'Reports', and 'System'. The 'System' tab is active. The main content area is titled 'Add New Role' and features a 'Roles Resources' section. A tree view shows the following structure:

- Resource Access: Custom
- Resources:
  - Sales
    - Orders
      - Actions
        - Hold
        - Credit Memos
        - Unhold
        - Ship
        - Send Sales Emails
        - Comment
        - Invoice
        - Capture
        - Send Order Email
        - View
        - Reorder
        - Edit
        - Accept or Deny Payment
        - Cancel
        - Create
      - Invoices
      - Shipments
      - Credit Memos
      - Terms and Conditions
    - Transactions
    - Fetch

A callout box on the left side of the 'Resources' section contains the text: "Choose the resources the admin will have access to."

# 1. How to create user with advanced permissions. Allow to delete categories/products.

**You can allow to delete categories/products for sub-admin.**

**With 'Allow to view/edit product owner' setting you can change product owner**

## 3. Example 2

The screenshot displays the Magento Admin Panel interface. At the top, the header includes the Magento logo, 'Admin Panel', and the user's login status: 'Logged in as admin | Tuesday, February 25, 2014 | Try Magento Go'. A navigation bar contains tabs for Dashboard, Sales, Catalog, Customers, Promotions, Newsletter, CMS, Reports, and System (which is active). A message banner at the top indicates a 'Latest Message' about Amasty updates and unread messages.

The main content area is titled 'Edit Role 'category manager''. On the left, a 'Role Information' sidebar lists sections: Role Info, Role Resources, Role Users, and Advanced Permissions (Scope, Categories, Products). The 'Advanced Permissions: Categories' section is expanded, showing a tree view of categories. A callout box points to the 'Cameras' category, which is checked, with the text: 'We give access to 'Cameras' category'. The tree view includes: Root Catalog (0), Furniture (6), Electronics (42) (with sub-items: Cell Phones (6), Cameras (8), Accessories (3), Digital Cameras (5)), Computers (28), Apparel (66), and Household Items (0). The 'Cameras' category is selected, and a callout box also points to the 'Selected Categories' dropdown menu in the 'Category Access' section.

At the top right of the main content area, there are buttons for 'Back', 'Reset', 'Delete Role', and a confirmation icon.
