The screenshot shows the 'Configuration' page for the 'Ajax Shopping Cart' extension. The left sidebar contains navigation icons for Dashboard, Sales, Products, Customers, Marketing, and Stores. The main content area is divided into sections: 'General', 'Display Settings', and 'Ajax Shopping Cart'. The 'Display Settings' section includes several dropdown menus for configuring the cart dialog box.

Ajax Shopping Cart

Enable flying image effect Yes ▾
When set to 'Yes', the image of the product added to cart 'flies' to the 'Top Cart' block in the top right corner.

Dialog Box Align Center

Display Product Image in Dialog Yes

Image to Show for Configurable Products Child Simple Product Image ▾

Display Total Count of Products in Cart Yes ▾

Display Total Amount in Cart Yes ▾

Display 'Go to Checkout' Button Yes ▾

Callout 1: You can choose where to display the cart dialog box (e.g. in the center of screen, in the top right corner, etc).

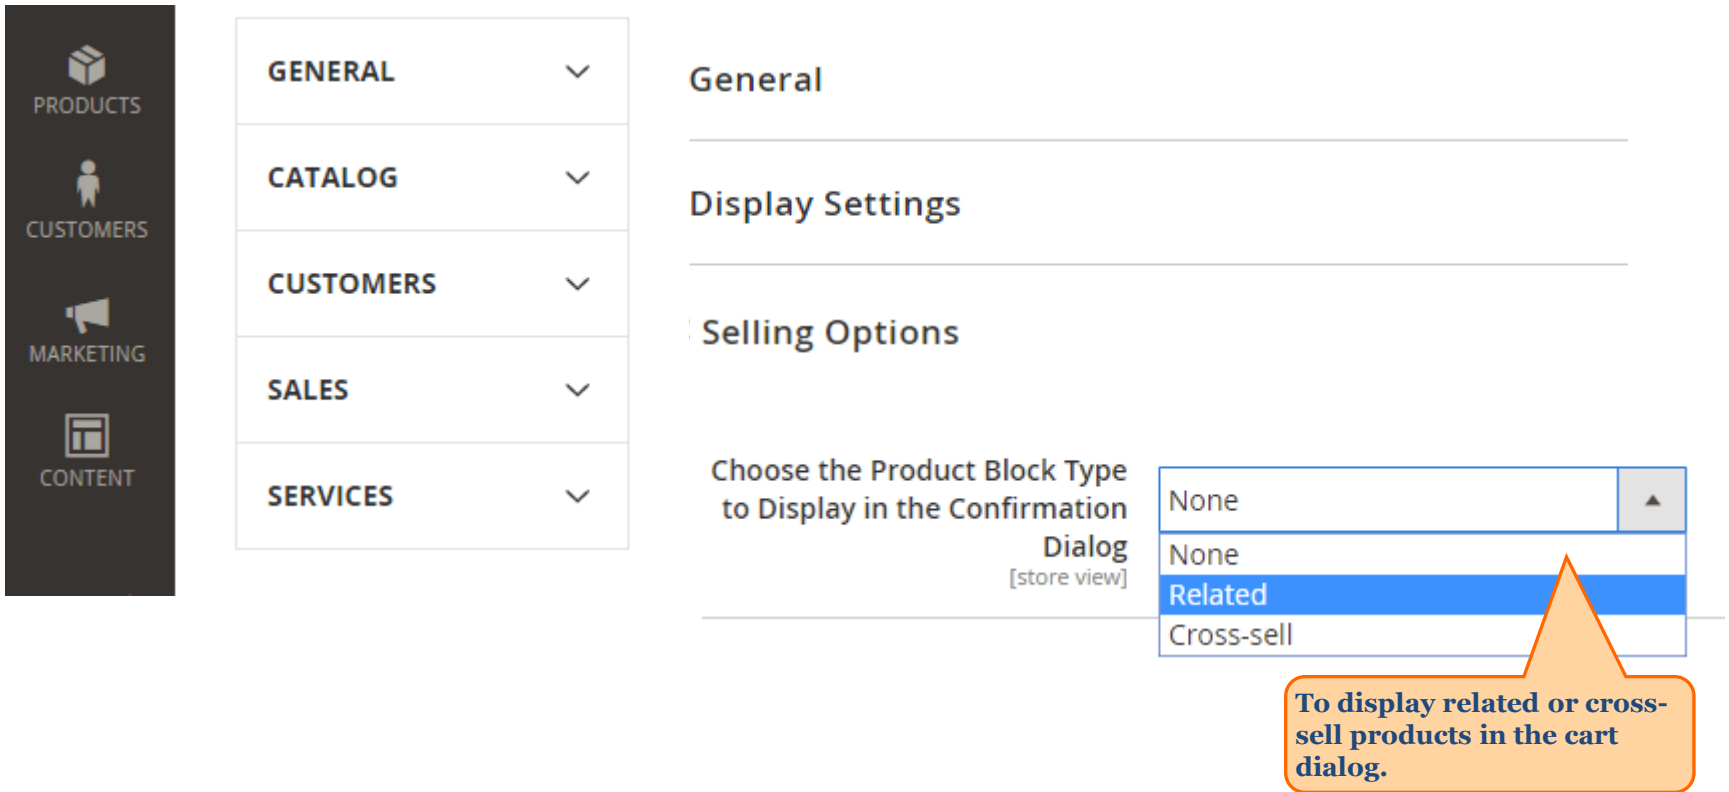

Callout 2: With this setting you can activate and deactivate nice looking visual effect.

Callout 3: In a pop-up window customers will see the particular product configuration, which they've just added to cart (see the example).

Callout 4: It is possible to select what product information you would like to display in the cart dialog window. You can show the number of products in cart, current cart subtotal and the name of the product which is being added to cart.

3. Enable display of related products

The screenshot shows the Magento 2 Admin Panel configuration for the shopping cart. On the left is a vertical sidebar with icons for PRODUCTS, CUSTOMERS, MARKETING, and CONTENT. The main content area is divided into sections: General, Display Settings, and Selling Options. Under the Selling Options section, there is a dropdown menu titled "Choose the Product Block Type to Display in the Confirmation Dialog [store view]". The dropdown menu is open, showing four options: None, None, Related, and Cross-sell. The "Related" option is highlighted in blue. An orange callout box with a pointer to the "Related" option contains the text: "To display related or cross-sell products in the cart dialog."

This is how the 'flying image' visual effect looks like. It appears when a customer adds a product to the shopping cart.

5. Frontend examples

Customers can select configurable products and custom options right on the category page, without going to the product details page.

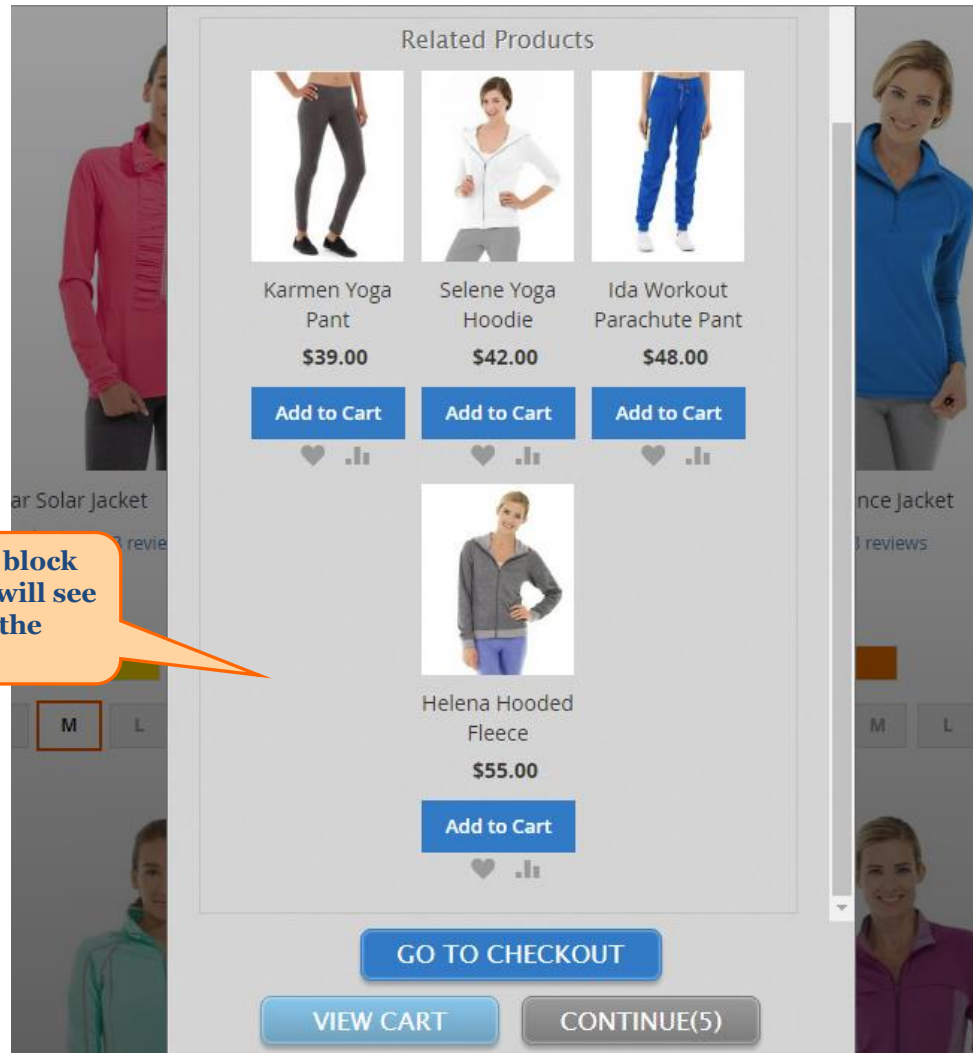

The screenshot shows a 'Set options' dialog box with the following elements:

- Color:** Labeled 'Color Green', with three color swatches: black, grey, and green. The green swatch is highlighted with a red border.
- Size:** Labeled 'Size M', with five size buttons: XS, S, M, L, and XL. The 'M' button is highlighted with a red border.
- Qty:** Labeled 'Qty', with a text input field containing the number '1'.
- Buttons:** A blue 'ADD TO CART' button and a grey 'CANCEL' button at the bottom.

Customers can specify the product quantity directly in confirmation dialog.

5. Frontend examples

You can add related products block in the cart dialog. Customers will see it when they add a product to the cart.

5. Frontend examples

The screenshot displays a product page for the 'Juno Jacket' with a modal window for cart information. The modal, titled 'Information', contains the following elements:

- Confirmation message: "You have added Juno Jacket to cart."
- Product image: A woman wearing the purple Juno Jacket.
- Cart status: "There are 5 items in your cart."
- Subtotal: "Cart Subtotal: \$385.00"
- Related Products section with three items:
 - Aeon Capri: Includes an 'Add to Cart' button, a heart icon, and a list icon.
 - Autumn Pullie: Includes an 'Add to Cart' button, a heart icon, and a list icon.
 - Carina Basic Capri: Includes an 'Add to Cart' button, a heart icon, and a list icon.
- Primary action: A blue "GO TO CHECKOUT" button.
- Secondary actions: "VIEW CART" and "CONTINUE(2)" buttons.

An orange callout box points to the modal with the text: "Customers will see the same product configuration, which they've just added to cart".

The background product page shows the 'Juno Jacket' with a search bar at the top, navigation tabs for 'Men', 'Gear', and 'Training', and a shopping cart icon with a '5' item count. The product title 'Juno Jacket' is partially visible, along with '3 Reviews', 'Add Your Review', 'IN STOCK', and 'SKU#: WJ06'. Size selection buttons for 'M', 'L', and 'XL' are also present.
