To configure extension settings please go to Stores -> Configuration -> Amasty Extensions -> Automatic Related Products

The screenshot shows the Magento 2 Configuration interface. On the left is a vertical sidebar with navigation icons and labels: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, SYSTEM, and FIND PARTNERS & EXTENSIONS. The main content area is titled 'Configuration' and includes a search icon, a notification bell with a red '4', and a user profile 'admin'. Below the title, there is a 'Store View' dropdown set to 'Default Config' and a 'Save Config' button. A left-hand menu lists categories: GENERAL, CATALOG, CUSTOMERS, SALES, SERVICES, and ADVANCED. The 'AMASTY EXTENSIONS' category is expanded, showing 'Automatic Related Products' with an upward arrow. The main configuration area displays five sections: General, Up-Sells, Cross-Sells, and Related Products, each with a right-side toggle icon.

The screenshot shows the 'Configuration' page in Magento. The left sidebar contains navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Configuration' and shows the 'Store View' as 'Default Config'. A 'Save Config' button is visible. The 'General' settings for 'Automatic Related Products' are shown, with the 'Query Limit' set to 1000. A callout box points to the 'Save Config' button, stating: 'Click here after all necessary settings are specified.' Another callout box points to the 'Query Limit' field, stating: 'Indicate the maximal number of queries (product views and purchases) for a specific time period basing on which the module will gather statistical data and display related, up-selling and cross-selling products.'

## 2. Up-selling product display settings (general settings)

The screenshot shows the 'Configuration' page for 'Automatic Related Products' in Magento 2. The left sidebar contains navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, and Find Partners & Extensions. The main content area is titled 'Configuration' and has a 'Save Config' button in the top right. The configuration is organized into sections: 'GENERAL', 'CATALOG', 'CUSTOMERS', 'SALES', and 'AMASTY EXTENSIONS'. The 'Up-Sells' section is expanded, showing various settings with callouts:

- Enabled:** Set to 'Yes'. Callout: "Specify how many up-selling products will be shown in the up-selling block at a time."
- Maximum Products Count:** Set to '4'.
- Replace Manually Added Products:** Set to 'Yes'. Callout: "Set the option to 'Yes' to replace manually related items with the ones generated automatically."
- Show In Stock Products Only:** Set to 'Yes'. Callout: "Enable this option to display only 'in stock' products."
- Data gathered period (days):** Set to '30'. Callout: "Specify the time period basing on which the module will gather statistical data and display related, up-selling and cross-selling products."
- Data Source:** Set to 'Viewed together'. Callout: "Define if products selection is based on product views or purchases."
- Conditions:** Includes 'Category Condition', 'Brand Condition', and 'Price Condition', all set to 'Any'.
