If this option is turned to "Yes", all links to product pages you've previously ticked in the Product Access Restriction tab will be removed from the store. E.g. customers won't see the product items at category lists, in the list of products, etc.

If this option is set to "Yes", links to all categories, chosen at Category Restriction tab will be removed from the menu for the specified customer groups.

If set to "Yes", customers will be able to visit restricted product pages using the direct links to product pages.
