Store	Date	Page	
<input type="text"/>	From: <input type="text"/> To: <input type="text"/>	<input type="text"/>	<input type="text"/>
	Feb 7, 2011 12:08:52 PM	/get_discount/?code=78	http://www.affiliate.com/promo.html?q=discount
	Feb 7, 2011 12:06:52 PM	/aboutt	http://example.com/wrong_url/

After the installation please go to admin area -> CMS -> Not Found Pages.

Also if you have several websites/stores on your Magento, you will see on which website/store the customer tried to find the missing page.

Here you will see which non-existent pages your customers tried to go to at your site and where from they were referred to the pages (if applicable).

Thank you!
