For more details see how the [Extended Order Grid](#) extension works.

Guide for Extended Order Grid for Magento 2

Extend functionality of your Magento 2 store order grid. Add extra columns to grid for customers, products, shipping or billing attributes and get relevant order information right from the grid.

- Manage the default columns and add the new ones
- Filter orders by any custom attribute
- Search for particular orders by customer group, phone or email
- Display product images on the grid
- Show shipping and payment information

Extension Configuration

To configure general extension settings please go to **Stores → Configuration → Amasty Extensions → Order Grid**.

General

The screenshot shows the 'General' configuration section of the Amasty Order Grid extension. On the left, there is a label 'Hide orders with statuses' with a note '[global]' below it. To the right is a dropdown menu containing a list of order statuses. The visible items in the dropdown are: Canceled, Closed, Complete, Suspected Fraud, On Hold, Payment Review, PayPal Canceled Reversal, PayPal Reversed, Pending, and Pending Payment. A vertical scrollbar is visible on the right side of the dropdown menu.

Product Image	[global]	Product Thumbnail Itself
---------------	----------	--------------------------

Hide orders with statuses — select order statuses to exclude from the grid.

If you choose **Canceled** and **Complete**, orders with 'Complete' and 'Canceled' statuses will be hidden on the order grid. They will be displayed again, once you deselect the statuses.

Product Image - select the *Product Thumbnail Itself* option to display child products' thumbnails on the order grid. If the *Parent Product Thumbnail* option is selected, the thumbnails of configurable/bundle products will be displayed.

Adding Columns to the Grid

To add custom column to Magento 2 order grid, please navigate to **Sales → Orders** to see the order grid.

Orders

 demouser ▾

The screenshot shows the 'Orders' grid in the Magento 2 Admin Panel. At the top right, there is a red button labeled 'Create New Order'. Below it are search, filter, and export options. The main grid displays three records found. Each row contains columns for Order ID (checkbox), Order ID, Store View, Creation Date, Customer Name, Shipping Name, Total Price, Subtotal, Status, and a 'View' link. The grid has a header row with various columns.

<input type="checkbox"/>	000000003	Main Website Main Website Store Default Store View	Sep 15, 2016, 13:09:00 PM	Peter Parker	Peter Parker	\$54.00	\$54.00	Pending	View	
<input type="checkbox"/>	000000002	Main Website Main Website Store Default Store View	Jun 24, 2016, 7:06:00 AM	Veronica Costello	Veronica Costello	\$39.64	\$39.64	Complete	View	
<input type="checkbox"/>	000000001	Main Website Main Website Store Default Store View	Jun 24, 2016, 7:06:00 AM	Veronica Costello	Veronica Costello	\$36.39	\$36.39	Processing	View	

Use the **Columns** dropdown menu to add or delete columns to the order grid.

At the top of the menu you can switch between tabs that contain attributes related to the following groups:

- General
- Product
- Customer
- Billing
- Shipping

Then, tick the Magento custom attribute you want to add to order grid. Also, you can specify custom title for each column.

The screenshot shows the 'General' tab selected in the top navigation bar. On the left, there's a list of columns with checkboxes next to them. On the right, corresponding titles are listed in input fields. The columns are:

- ID**
- Purchase Point**
- Purchase Date**
- Grand Total (Base)**
- Grand Total (Purchased)**

Below the list are two buttons: **Save** and **Close**.

When you've set up new columns, please click the **Save** button.

Managing Order Grid Templates

With the Extended Order Grid extension, you can create multiple order grid templates and switch between them to quickly get access to different order related information.

The screenshot shows the 'Template 1' view selected. At the top, there are buttons for **Filters**, **Template 1** (with a dropdown arrow), **Columns** (with a dropdown arrow), and **Export**. Below these are buttons for **Default View** and **Template 1**. A blue box highlights the **New View** button. To the right, there's a page navigation area showing **1 of 1** and a right arrow. The main grid area shows order details for 'Peter Parker'.

To create a new template please choose the **Default View** dropdown menu and click **Save View As**.

Then, specify the name of the template and click the arrow icon.

You can create several templates the same way. Use this menu to quickly switch between them.

To delete a template use the bin icon.

Filtering Options

All attributes you've added to the grid using the Columns dropdown menu are included into filtering options.
