# 1. Add columns to the order grid

## Columns Configuration

### Columns Configuration

Please open Admin panel -> System -> Amasty Extended Order grid -> Columns Configuration to add new columns to the order grid.

Choose the fields which you would like to add to the order grid.

## Manage Columns

Save Columns

New Fields	Width(px)	Order
<input checked="" type="checkbox"/> Images	<input type="text" value="100"/>	<input type="text" value="1"/>
<input checked="" type="checkbox"/> Coupon Code	<input type="text" value="70"/>	<input type="text" value="77"/>
<input checked="" type="checkbox"/> Shipping Method	<input type="text" value="default"/>	<input type="text" value="3"/>
<input checked="" type="checkbox"/> Payment Method	<input type="text" value="default"/>	<input type="text" value="4"/>
<input checked="" type="checkbox"/> Shipping Address	<input type="text" value="70"/>	<input type="text" value="5"/>
<input checked="" type="checkbox"/> Shipping: Country	<input type="text" value="default"/>	<input type="text" value="51"/>
<input checked="" type="checkbox"/> Shipping: Region	<input type="text" value="default"/>	<input type="text" value="61"/>
<input checked="" type="checkbox"/> Shipping: City	<input type="text" value="default"/>	<input type="text" value="71"/>
<input checked="" type="checkbox"/> Shipping: Postcode	<input type="text" value="default"/>	<input type="text" value="81"/>
<input checked="" type="checkbox"/> Shipping: Street	<input type="text" value="default"/>	<input type="text" value="91"/>
<input checked="" type="checkbox"/> Billing Address	<input type="text" value="default"/>	<input type="text" value="6"/>
<input type="checkbox"/> Billing: Country	<input type="text" value="default"/>	<input type="text" value="111"/>
<input checked="" type="checkbox"/> Billing: Region	<input type="text" value="default"/>	<input type="text" value="121"/>
<input checked="" type="checkbox"/> Billing: City	<input type="text" value="default"/>	<input type="text" value="131"/>
<input checked="" type="checkbox"/> Billing: Postcode	<input type="text" value="default"/>	<input type="text" value="141"/>
<input type="checkbox"/> Billing: Street	<input type="text" value="default"/>	<input type="text" value="151"/>
<input checked="" type="checkbox"/> Customer Email	<input type="text" value="default"/>	<input type="text" value="7"/>

Once you've set up new columns, please click the 'Save Columns' button.

Here you can specify the column width and its order on the grid.

# 1. Add columns to the order grid

## Columns Configuration

### Columns Configuration

## Manage Columns

 Save Columns

Static Attributes		Width(px)	Order
<input checked="" type="checkbox"/>	company	default	17
<input checked="" type="checkbox"/>	Type column key here	default	73
<input checked="" type="checkbox"/>	Type column key here	default	74
<input checked="" type="checkbox"/>	Type column key here	default	75
<input checked="" type="checkbox"/>	Type column key here	default	76

Once you've set up new parameters, please click the 'Save Columns' button.

If you use other extensions which add columns to the order grid, please specify the ID of exist columns.

Also you can change the column width and its order on the grid.

Please go to admin panel -> System -> Configuration -> Extended Order Grid to manage the extension settings.

**Extended Order Grid**

Current Configuration Scope: Default Config

**Configuration**

AMASTY EXTENSIONS

Extended Order Grid

**General Settings**

Max products display per order on the grid: 5  
▲ By default, the data on order grid is shown for maximum 5 products per order. Please specify the number which suits you best. All product data can be seen in a popup.

Hide Configurable Parents: Yes  
▲ If to hide parent products for configurable items

Hide orders with statuses: Canceled, Closed, Complete, Suspected Fraud, On Hold, New Order Status, Payment Review, PayPal Canceled Reversal, PayPal Reversed, Pending

Save Config

**For your convenience you can display only part of the products for big orders. Specify the number of products you would like to see by default for each order. Complete list of products can be seen in a popup right on the order grid.**

**Select orders with which statuses to exclude from the grid.**

**If you choose 'Canceled' and 'Complete' like here, orders with 'Complete' and 'Canceled' statuses will be hidden on the order grid. They will be displayed again, once you deselect the statuses.**
