## General landing page info

At the *Page Information* tab, you can choose at which store views to display the landing page, specify its name and URL key.

If URL key is equal to *sport-backpacks*, URL of the landing page will be: *yoursite.com/sport-backpacks*  
The URL will be canonical. If URLs on your site have suffixes, the landing page address will include suffix too. E.g. *yoursite.com/sport-backpacks.html*
