Attachment Block ⊞

Display Attachments Block On Product Page

Enable attachments block display on the frontend and backend product pages.

Customer Group to Show Attachments Block

- NOT LOGGED IN
- General
- Wholesale
- Retailer

Specify customer groups for which the attachments will be visible.

Keep empty for all customer groups.

Display Attachments Block if a Product Has Been Ordered [STORE VIEW]

Block Title On Product Page [STORE VIEW]

Parent Block Name In Layout

Specify where to display product attachments (either in a new tab or in any existing layout block).

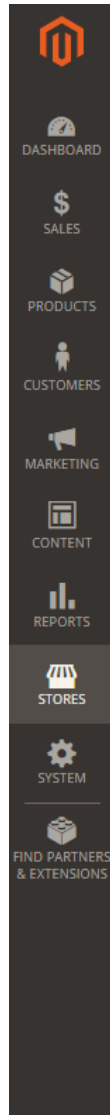

Sibling Name

Leave empty to place block first or last

Position [STORE VIEW]

If you choose to place attachments in a new tab in the product info bar – specify its position in the bar.

The screenshot shows the Amasty Configuration interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area is titled 'Configuration' and shows 'Store View: Default Config'. A 'Save Config' button is in the top right. The 'Attachment Block' settings are displayed, including options for 'Display Attachments Block On Product Page', 'Customer Group to Show Attachments Block', 'Display Attachments Block if a Product Has Been Ordered', 'Block Title On Product Page', 'Parent Block Name In Layout', 'Sibling Name', and 'Position'. A callout box points to the 'Block Title On Product Page' field.

Specify the title for a block with attachments that will be visible both on the frontend and backend product pages.

Additional Settings

Autodetect File Mime Type on Download

Yes

[STORE VIEW]

'Fileinfo' extension or 'mime_content_type' function must be enabled by server configuration

Specify directory for upload via FTP.

Set the option to 'Yes' to let customers open attachments in a new browser window instead of downloading them.

2. Add Files to Product Page

To add new files for a specific product please go to Products -> Catalog and open the necessary product.

The screenshot shows the Magento 2 Admin interface for the 'Aim Analog Watch' product. The left sidebar contains navigation menus for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Aim Analog Watch' and includes a 'Store View' dropdown set to 'All Store Views'. A 'Save' button is visible in the top right. The 'Product Attachments' section is active, showing a table with columns for Label, File Name, Attach File or Enter Link, Customer Group, Show only if a Product has been Ordered, and Visible. The 'Licence' attachment is configured with the file 'watch_licer' and is set to be visible to the 'General' customer group. A callout box points to the 'Product Attachments' tab in the left sidebar.

Product Attachment

Label*	File Name*	Attach File or Enter Link	Customer Group	Show only if a Product has been Ordered	Visible
Licence	watch_licer	<input checked="" type="radio"/> File import.csv(79 bytes) Browse Files... <input type="radio"/> URL	NOT LOGGED IN General Wholesale Retailer	Yes	Yes

[Add New File](#)

Alphanumeric, dash and underscore characters are recommended for filenames. Improper characters are replaced with '_'.

In the Advanced Settings you'll find the Product Attachments tab (you can specify custom name for this tab – see page 5).

2. Add Files to Product Page

The screenshot displays the Magento 2 Admin interface for the 'Aim Analog Watch' product. The left sidebar contains navigation menus for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area shows the 'Product Attachments' configuration page. At the top, there is a 'Store View' dropdown set to 'All Store Views', a 'Back' button, and a 'Save' button. Below this, the 'Product Attachment' section is visible, featuring a table with columns: Label*, File Name*, Attach File or Enter Link, Customer Group, Show only if a Product has been Ordered, and Visible. The table contains one row with the following data: Label: 'Licence', File Name: 'watch_licer', Attach File or Enter Link: 'File' (selected), Customer Group: 'General' (selected from a dropdown), Show only if a Product has been Ordered: 'Yes', and Visible: 'Yes'. A 'Browse Files...' link is present under the 'File' option. Below the table, there is a link 'Add New File' and a note: 'Alphanumeric, dash and underscore characters are recommended for filenames. Improper characters are replaced with '_'.' Two callout boxes provide instructions: one pointing to the 'Attach File or Enter Link' section stating 'You can attach a file either by adding it from your desktop or by specifying the link.', and another pointing to the 'Add New File' link stating 'Click here to add a new attachment file.'

2. Add Files to Product Page

The screenshot shows the Magento 2 admin interface for the 'Aim Analog Watch' product. The left sidebar contains navigation menus for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Aim Analog Watch' and includes a 'Store View' dropdown set to 'All Store Views'. At the top right, there are search, notification, and user profile icons, along with a 'Save' button. Below the navigation, the 'BASIC SETTINGS' section is expanded to show 'Product Attachments'. The 'Product Attachment' table has the following columns: Label*, File Name*, Attach File or Enter Link, Customer Group, Show only if a Product has been Ordered, and Visible. A table with one row is visible, containing the label 'Licence' and file name 'watch_licer'. The 'Attach File or Enter Link' column has the 'File' radio button selected, with a file name 'import.csv(79 bytes)' and a 'Browse Files...' link. The 'Customer Group' dropdown is open, showing 'NOT LOGGED IN', 'General', 'Wholesale', and 'Retailer'. The 'Show only if a Product has been Ordered' and 'Visible' columns both have 'Yes' selected in their respective dropdowns. Two orange callout boxes provide additional information: one points to the 'File Name' field stating 'You can specify a separate file name for your internal use.', and another points to the 'Label' field stating 'The label will be displayed on the frontend as the name of a file attachment (see page 20)'. A note at the bottom of the table states 'Special characters are recommended for filenames. Improper characters are replaced with '_'.'

2. Add Files to Product Page

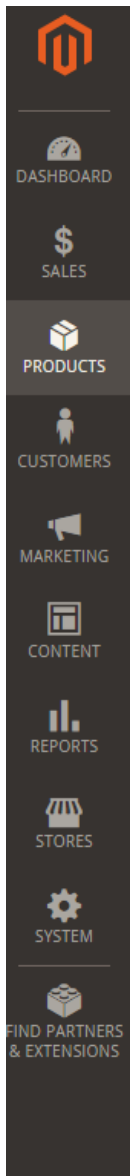

Specify customer group for which the attachment will be visible on the frontend.

Label*	File Name*	Attach File or Enter Link	Customer Group	Show only if a Product has been Ordered	Visible
Licence	watch_licer	<input checked="" type="radio"/> File import.csv(79 bytes) Browse Files... <input type="radio"/> URL	NOT LOGGED IN General Wholesale Retailer	Yes	Yes

Enable this option if you want to display product attachments only after the product is ordered (see page 4).

2. Add Files to Product Page
