# 1. Quick View Settings

The screenshot shows the Magento 2 Configuration interface. On the left is a vertical sidebar with navigation icons and labels: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, SYSTEM, and FIND PARTNERS & EXTENSIONS. The main content area is titled 'Configuration' and shows 'Store View: Default Config'. A 'Save Config' button is in the top right. The 'General' section is expanded, showing settings for 'Enable Quick View' (set to 'Yes'), 'Quick View Button Text' (set to 'QUICK VIEW'), and 'Custom CSS Styles for Hover Block' (set to 'background-color: orange;'). Two callout boxes provide instructions: one points to the 'Save Config' button, and another points to the 'Custom CSS Styles' field.

**Click here save configuration settings.**

**This feature enables you to customize the Quick View button. You can specify button color, size and other parameters (see page 6).**

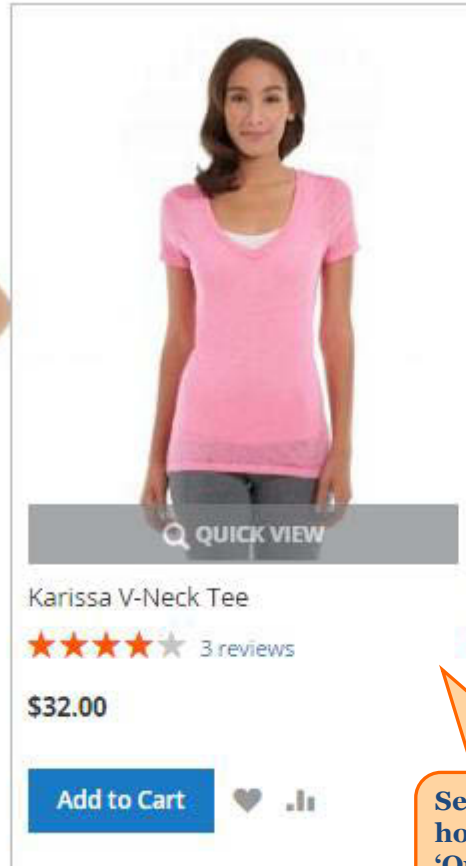

## 2. Quick View Examples

The screenshot shows a product quick view window for a 'Desiree Fitness Tee'. The main image features a woman wearing the black short-sleeved tee and teal patterned shorts. Below the main image are three smaller thumbnails showing different views of the product. To the right of the image, the product name 'Desiree Fitness Tee' is displayed, followed by a 4.5-star rating (3 reviews) and an 'Add Your Review' link. The price is listed as '\$24.00' with 'IN STOCK' and 'SKU#: WS05' next to it. Below the price, there are dropdown menus for 'Color' and 'Size', both currently set to 'Choose an Option...'. A quantity selector is set to '1', and a blue 'Add to Cart' button is prominently displayed. At the bottom of the quick view, there are links for 'COMPARE' and 'EMAIL'. Below the quick view, a 'Details' tab is active, showing a description: 'When you're too far to turn back, thank yourself for choosing the Desiree Fitness Tee. Its ultra-lightweight, ultra-breathable fabric wicks sweat away from your body and helps keeps you cool for the distance.' Below the description is a list of features: '• Short-Sleeves.', '• Performance fabric.', and '• Machine wash/line dry.'

Here is a pop-up preview window example. On the pop-up you can perform any regular actions like on a product page.
