For Geo IP option to work it is necessary to complete the following steps:

1. Download three data files from the module page on our website:

- GeoIPCountryWhois.csv
- GeoLiteCity-Blocks.csv
- GeoLiteCity-Location.csv

2. Upload the files to this folder of your Magento: `app/code/local/Amasty/Scheckout/sql/geoip`

3. Click 'Process' button for the data files to get imported into the database.

NOTE: Read our [article](#) to learn how to import Geo IP database.

5. Configure Geo IP option

Open the Credit Card Detector tab to configure card icons display.

Set the option to 'yes' if you don't want to display a dropdown with card types on the checkout page.
